INSTRUCTIONS TO THE BIDDER

THE BANK'S REQUIREMENTS WHILE TAKING PREMISES ON LEASE

A. Technical and Legal Aspects

1. The Bank will take the premises on the basis of carpet area, which means that the usable area inside the outer walls will be measured and not on the basis of Plinth Area /Built up area/ Super Built Up Area. The actual carpet area will be worked out as per joint measurements and rent will be paid based thereon.
2. The premises offered for a branch office should have direct access from the main road for both Branch as also ATM with provision of steps as also, preferably, ramp for physically challenged/senior citizens and with handrails as per the Bank's specifications.
3. The Bank will take the premises on lease for a minimum period of 5 +5 years renewable thereafter in tranches of five years.
4. The building / premises offered should have all necessary permissions from the concerned local and statutory authorities.
5. Before handing over possession of the premises to the Bank, the Owner/(s) will have to obtain all necessary approvals from the concerned local and statutory authorities for strong room, toilets, pantry, etc and for using the premises for commercial / banking purpose. The Bank will furnish the interior layout plan to the owner for this purpose.
6. The Bank will, however, have the exclusive right to vacate the premises at anytime during the lease, by giving 3 months' notice in writing without paying any compensation for early termination of the lease.

(Please furnish supporting documents against each parameter)

Only those offers which score **at least 75%** overall in technical evaluation shall be considered for opening of price Bid. Scoring for all the parameters below reference range will be zero. The scores awarded by the Bank as per scoring matrix shall be final and binding on all Bidders.

3. EVALUATION OF PRICE BIDS & FINALISATION

- a. Only those offers which score **at least 75%** overall in technical evaluation shall be considered for opening of price Bid.
- b. The date and time of opening of Price Bids will be communicated to technically qualified Bidders only. The price bids will be opened online through e-tendering portal in the presence of representatives of the qualified Bidders who choose to attend the same who is authorised by the bidder along with his KYC document.
- c. The Bidder with the highest Bid score will be selected as per following methodology:
 - Once the price Bid is opened, final evaluation will be carried out with 70% weightage for the technical evaluation and 30% weightage for the price Bid.
 - Effective Cost as per price bid (as indicated in the Annexure 11) shall be considered for Final Evaluation along with technical criteria in the ratio of 30:70 (Price Bid 30% weightage and Technical Bid 70% weightage).
 - Effective Cost shall be measured in INR per sq. ft. on Carpet area as per banks manual.
 - The formula used for weightage will be as follows:

$$\text{Technical Score} = \frac{\text{Bidder Technical Score}}{\text{Max (Bidder Technical Score 1...n)}} \times 70$$

$$\text{Price Score} = \frac{\text{Min (Bidder Price 1...n)}}{\text{Bidder's Price}} \times 40$$

$$\text{Bidder's Final score} = \text{Technical score} + \text{Price score}$$

Example:

- Each of the above parameters given marks. Total marks 100.
 - Three premises short listed- A, B, & C.
 - They get following marks in technical evaluation.
 - A-78; B-70; C-54
- Convert them to percentiles
 - A : $(78/78)*100= 100$
 - B : $(70/78)*100 =89.74$
 - C : $(54/78)*100=69.23$
- Now that technical bids are evaluated, financial bids can be opened.
 - Financial quotes for three premises are as follows:

- A :Rs 300 per sqm for carpet area
- B :Rs 250 per sqm for carpet area
- C: Rs 210 per sqm for carpet area
-
- As desired one is lowest, to work out percentile score, we will get
 - C : $(210/210)*100 = 100$
 - B: $(210/250)*100 = 84$
 - A: $(210/300)*100 = 70$
- Technical score (percentile form)
 - A : $(78/78)*100 = 100$
 - B : $(70/78)*100 = 89.74$
 - C : $(54/78)*100 = 69.23$
- Financial score (percentile form)
 - A: $(210/300)*100 = 70$
 - B: $(210/250)*100 = 84$
 - C : $(210/210)*100 = 100$
- If proportion of technical to financial score is specified to be 60:40, then final scores will work out as follows:
 - A: $(100 \times 0.70) + (70 \times 0.30) = 91$
 - B: $(89.74 \times 0.70) + (84 \times 0.30) = 88$
 - C: $(69.23 \times 0.70) + (100 \times 0.30) = 78.46$
- Desired premises would be one with highest percentile score viz. A with score of 91.00.
- Based on this criterion, Bank would shortlist the offers. Then open the financial tenders of all the qualified offers and select the highest scorer in terms of final techno-commercial score.
- Suppose in the above example, premises A, B and C are shortlisted, then the Highest score is that of A.

Bidder with the highest score using above methodology will be declared as successful.

Note: The successful Bidder is required to provide price confirmation and price breakup strictly on the lines of Price Bid. He is also required to provide all requisite documents as mentioned in Minimum eligibility criteria, technical Bid or price Bid within the 3 months of issue of LOI, failing which his Bid may be disqualified and his EMD will be forfeited.

- d. Price Bid valuation shall be considered as below in case of any kind of discrepancy:
- If there is discrepancy between unit price per SqFt and total price, the unit price shall prevail as this will form the basis for arriving the total price.
 - If there is a discrepancy in the total, the correct total shall be arrived at by the Bank and the same shall be binding on the Bidder.
- e. In case of any shortfall in required area of the property offered by the successful bidder after joint measurement, the Bank has the discretion to accept the property

from the other qualified bidder(s) also in order of score(s).
