State Bank of India invites Online application from Indian citizen for appointment to the following Specialist Cadre Officers posts. Candidates are requested to apply Online through the link given on Bank’s website [https://bank.sbi/careers](https://bank.sbi/careers) or [https://www.sbi.co.in/careers](https://www.sbi.co.in/careers).

1. The process of Registration is complete only when fee is deposited in the Bank through Online mode on or before the last date for payment of fee.
2. Before applying, candidates are requested to ensure that they fulfil the eligibility criteria for the post as on the date of eligibility.
3. Candidates are required to upload all required documents (brief resume, ID proof, age proof, educational qualification, experience etc.) failing which their candidature will not be considered for shortlisting/interview.
4. Short listing & interview will be provisional without verification of documents. Candidate will be subject to verification of all details/documents with the original when a candidate reports for interview (if called).
5. In case a candidate is called for interview and is found not satisfying the eligibility criteria (Age, Educational Qualification and Experience etc.), he/she will neither be allowed to appear for the interview nor be entitled for reimbursement of any travelling expenses.
6. Candidates are advised to check Bank’s website [https://bank.sbi/careers](https://bank.sbi/careers) or [https://www.sbi.co.in/careers](https://www.sbi.co.in/careers) regularly for details and updates (including the list of shortlisted/selected candidates). The Call letter advise, where required, will be sent by e-mail only (No hard copy will be sent).
7. All Revisions/Corrigendum (if any) will be hosted on the BANK’S WEBSITE ONLY.
8. In case more than one candidate scores same marks as cut-off marks in the final merit list (common marks at cut-off point), such candidates will be ranked in the merit according to their age in descending order.
9. Hard copy of application & other documents not to be sent to this office.

</table>
5 Manager (Infrastructure Architect)  
- B.E./B.Tech./MCA (from a recognized University/Institution)  
- CSIT Engineering Graduate/ Post Graduate shall be preferred.  
- MBA as an additional qualification is preferred.  
- Minimum 10 years post minimum qualification experience as on 01.04.2019 in IT field.  
- Out of 10 years’ experience, minimum 3 years must be in IT architectural functions, preferably in Banking and Financial Sector.  
(Teaching & Training experience will not be counted for eligibility)  
- Experience in leading teams, executing and delivering IT infrastructure as part of EA or implementation projects.  
- Working experience in designing and recommending architecture/solutions of multi-technology stacks (Windows, UNIX, LINUX, SAN NAS and Backup)  
- Strong knowledge of virtualization platforms such as VMware and others.  
- Thorough knowledge of the OS concepts, Domain, Active Directory, and the interaction between hardware/operating systems/network/data center/operational software.  
- Expert level knowledge of the operating system (Windows, UNIX, Linux – Redhat, CentOS, Ubuntu), Hardware (HP, DELL, EMC, NetApp), Network Storage (SAN/NAS, EMC, NetApp), Network devices (Routers, Switches and Firewalls), middleboxes, load-balancers, Open Stack, Open source tools, Monitoring tools, Scripting (Python / PowerShell), Architecture and design tools.  
- Relevant Infrastructure Certifications such as VMware, Windows Server, UNIX, CCNA/CCNP/CCDP/CCIE etc.  
- Strong understanding across Cloud and infrastructure components (server, storage, network, data and applications) to deliver end to end Cloud Infrastructure architectures and designs.  
- Deep understanding of TCP/IP and other network protocols. Familiarity with DNS, DHCP and other network services.  
- Knowledge of managing a data centre in terms of systems monitoring, capacity planning and performance tuning.

6 Manager (Application Architect)  
- B.E./B.Tech./MCA (from a recognized University/Institution)  
- CSIT Engineering Graduate/ Post Graduate shall be preferred.  
- MBA as an additional qualification is preferred.  
- Minimum 10 years post minimum qualification experience as on 01.04.2019 in IT field.  
- Out of 10 years’ experience, minimum 3 years must be in IT architectural functions, preferably in Banking and Financial Sector.  
(Teaching & Training experience will not be counted for eligibility)  
- Experience in leading teams, executing and delivering Application Architecture as part of EA or implementation projects.  
- Experience in architecture, design and development of web and mobile applications using variety of technologies such as Android, iOS, Java, JEE and NET.  
- Expertise in middleware architecture of ESB/ SOA/ Application servers/NO.  
- In-depth understanding of Microservices Architecture, including hands on experience in design, build and operations of Java and NodeJS based Microservices.  
- Expertise in server-side technologies and modern tools to build RESTful web services, JavaScript and web technologies (e.g. React, Angular, NodeJS, etc.).  
- Experience in developing and designing distributed applications, object oriented design.  
- Strong experience with Relational Databases such as MySQL, Oracle, PostgreSQL etc. and NoSQL databases such as MongoDB, Cassandra etc.  
- Strong expertise in DevOps tools such as GIT/GitHub, Maven, Jenkins and Nexus or other similar tools.  
- Understanding of various development methodologies like Agile, Waterfall etc.  
- Strong Knowledge of Docker, Kubernetes and other container platforms.  
- Relevant Technology certifications will be preferred.

7 Manager (Business Architect)  
- B.E./B.Tech./MCA (from a recognized University/Institution)  
- CSIT Engineering Graduate/ Post Graduate shall be preferred.  
- MBA as an additional qualification is preferred.  
- Minimum 7 years post minimum qualification experience as on 01.04.2019 in IT field.  
- Out of 7 years’ experience, minimum 2 years must be in IT architectural functions, preferably in Banking and Financial Sector.  
(Teaching & Training experience will not be counted for eligibility)  
- Experience in leading teams, executing and delivering business architecture, definition business capability maps, and k-biz architecture business as part of EA or implementation projects.  
- Experience in modeling business processes using variety of tools and techniques.  
- Strong expertise to visualize and create high-level models that can be used in future analysis to extend and mature the business architecture.  
- Experience in using model-based representations that can be adjusted as required to collect, aggregate or disaggregate complex and conflicting information about the business.  
- Strong knowledge to assimilate and correlate disconnected documentation and drawings, and articulate their collective relevance to the organization and to high-priority business issues.  
- Experience in developing business design models based on a situational awareness of various business scenarios and motivations, including the creation of customer journeys and value maps.  
- Experience in the identification and definition of requirements, use cases, process flows, screen flows, and user interfaces.  
- Experienced in acting as a bridge between the business and IT, translating business requirements to IT and understand and manage data conflicts with the business.  
- Sound knowledge of BizTalk and other approaches/methodologies.  
- Expertise in designing business solutions in line with blueprints and target operating models.

8 Manager (Security Architect)  
- B.E./B.Tech./MCA (from a recognized University/Institution)  
- CSIT Engineering Graduate/ Post Graduate shall be preferred.  
- MBA as an additional qualification is preferred.  
- Minimum 7 years post minimum qualification experience as on 01.04.2019 in IT field.  
- Out of 7 years’ experience, minimum 2 years must be in IT architectural functions, preferably in Banking and Financial Sector.  
(Teaching & Training experience will not be counted for eligibility)  
- Strong knowledge of security architecture principles, application security standards and methodologies such as OWASP, PCI, NIST, GDPR etc.  
- Good understanding on different framework like COBIT, SARBA and OSA (Open Security Architecture).  
- Good understanding and practical experience in managing web and mobile application security risks and vulnerabilities.  
- Strong knowledge on authentication and authorization standards applicable in the Web applications/ Web services – OAuth2, SAML, and OpenID.  
- Experienced in designing & implementing Network Security solutions like Firewalls, Intrusion Prevention Systems, Endpoint Security, PCI, APT etc.  
- Working experience in Infrastructure security (networks and servers) as well as applications and data security implementation for an premium data centre and private cloud.  
- Good knowledge of Hash/encryption algorithms and encryption types based on a threat model and risks.  
- Hands on experience in code review of JAVA/NET/PHP and other application and also familiar with application scanners and tools.  
- Good to have background in Java, JavaScript, databases and PL/SQL system/infrastructure administration.  
- Relevant Information Security Certification such as CISSP, CISM.

9 Manager (Technology Architect)  
- B.E./B.Tech./MCA (from a recognized University/Institution)  
- CSIT Engineering Graduate/ Post Graduate shall be preferred.  
- MBA as an additional qualification is preferred.  
- Minimum 7 years post minimum qualification experience as on 01.04.2019 in IT field.  
- Out of 7 years’ experience, minimum 2 years must be in IT architectural functions, preferably in Banking and Financial Sector.  
(Teaching & Training experience will not be counted for eligibility)  
- Experience in leading teams, executing and delivering Technology Architecture as part of EA or implementation projects.  
- In-depth knowledge of SOLOCONO processes  
- Sound knowledge on IT Application architecture. Design methodologies across multiple platforms.  
- Expertise in non-functional areas like performance, scalability studies, human interaction, software engineering.  
- Expertise in Design Patterns, Design Principles & UML modeling.  
- Expert understanding of architecture concepts in the areas such as Database, SOA, Security and Middleware.  
- Experience in architecture, design and development of web and mobile applications using technologies such as Android, IOS, Java, JEE and NET.  
- Expertise in middleware architecture of ESBI/SA/ApplicationserverMQ.  
- Experienced in server-side technologies like Java or NodeJS and modern tools to build RESTful web services, JavaScript and web technologies (e.g. React, Angular, NodeJS, etc.).  
- Microservices, APIs and database technologies.  
- Experience in evaluating and implementing third party software products including open source and cloud-based products from vendors such as AWS, Microsoft or Google.  
- Expertise with Continuous Integration and Continuous Delivery (CI/CD).  
- Relevant Technology certifications will be preferred.

10 Manager (Application Manager)  
- B.E./B.Tech./MCA (from a recognized University/Institution)  
- CSIT Engineering Graduate/ Post Graduate shall be preferred.  
- MBA as an additional qualification is preferred.  
- Minimum 7 years post minimum qualification experience as on 01.04.2019 in IT field.  
- Out of 7 years’ experience, minimum 2 years must be in IT architectural functions, preferably in Banking and Financial Sector.  
(Teaching & Training experience will not be counted for eligibility)  
- Experience in leading teams, executing and delivering Application Architecture as part of EA or implementation project.  
- Experience in architecture, design and development of web and mobile applications using technologies such as Android, IOS, Java, JEE and NET.  
- Expertise in middleware architecture of ESBI/SA/ApplicationserverMQ.  
- In-depth understanding of Microservices Architecture, including hands on experience in design, build and operations of JavaNode JS based Microservices APIs in a product based environment.  
- Experienced in server-side technologies like Java or NodeJS and modern tools to build RESTful web services, JavaScript and web technologies (e.g. React, Angular, NodeJS, etc). Microservices, APIs and database technologies.  
- Expertise in designing and developing distributed applications, object oriented design.
I. The number of vacancies including reserved vacancies mentioned above are provisional and may vary according to the actual requirement of the Bank.

Note:

C. ROLE, RESPONSIBILITIES & KEY PERFORMANCE AREAS:

1. General Manager (IT - SAP):

   Role:
   - Creating technology vision, Enterprise and Technology Architecture roadmap and IT Policy document for the Bank.
   - Device and own IT strategy for the Bank aligned to business, ensuring optimization of resources and Bank's future readiness.

   Responsibilities:
   - Creating Technology vision, Enterprise and Technology Architecture roadmap and Policy document for the Bank including applications and infrastructure.
   - Formulation of Short, Medium and Long Term IT Strategy of the Bank and IT rolling plan for the Bank.
   - Defining practices, principles, standards and templates for managing IT projects in GITC.
   - Establish current and future technology standards. Track a broad range of emerging technologies to determine their maturity and applicability to the enterprise.
   - Driving technology strategy from an architecture and risk perspective. Identify key industry technology trends that could influence the Bank's business goals.
   - Assist in strategic insight and overview of business case justifications and ROI analyses for IT spending and initiatives.
   - Fleet of effective IT planning and strategic capabilities needed for the IT organization, including not limited to technology, training and skill needs.

   Key Performance Areas:
   - IT Strategy:
     - Monitor technological, social and scientific trends that could influence the Bank's business goals.
     - Create IT policies, strategies and planning for the execution. Lead and monitor the realization.
     - Identify opportunities and risks for the business from IT dimension.
   - Enterprise Architecture (EA):
     - Mature the Enterprise Architecture practice.
     - Establish technology standards and governance. Periodic refresh of standards.
     - Defining practices, principles, standards and templates for managing IT projects in GITC.
   - Tech Policy:
     - Develop and maintain overall framework of IT policies, standards and strategies that will empower business and people to deliver on their commitments to the strategy and budgets.
     - Oversight of strategic transformational projects.
   - Compliance:
     - Ensure implementation of proper standards for governance as well as regulatory compliance.

   Credited: 
   - Supervise IT portfolio planning, guide and oversee strategic projects to realize the vision.
   - Act as think tank for the IT organization and bring transformational perspective.
   - Implementing best practices - standardizing market research method for innovative ideas and insight.
   - Strategic innovation, promoting open innovation, introducing group tools that encourage creative thinking.
   - Build partnership across the industry, and mentor best practices, and bring new perspectives to the organization. Identify keys for the teams adopt new approaches, technologies that are fit for the Bank.
   - Create and present technical information in order to influence and gain the understanding of business as well as technical roles across the organization. Provide industry expertise in all aspects of the enterprise.
   - Ensure implementation of policy standards for governance as well as regulatory compliance for the portfolio assigned. Ensure on-time implementation of the projects assigned.
   - Engage Information Security, Risk and compliance teams with deep understanding of technology capabilities and industry trends.

E. HOW TO APPLY: Candidates should have valid email ID which should be kept active till the declaration of result. It will help him/her in getting call letter/interview advices etc. by email.

GUIDELINES FOR FILLING ONLINE APPLICATION:

i. Candidates will be required to register themselves online through the link available on SBI website https://bank.sbi/careers or https://www.sbi.co.in/careers and pay the application fee using Internet Banking/Debit Card/Credit Card etc.

ii. Candidates should first scan their latest photograph and signature. Online application will not be registered unless candidate uploads his/her photo and signature as specified on the online registration page (under ‘How to Upload Document’).

iii. Candidates should fill the application carefully. Once application is filled-in completely, candidate should submit the same. In the event of candidate not being able to fill the application in one go, he can save the information already entered. When the information/application is saved, a provisional registration number and password is generated by the system and displayed on the screen. Candidate should note down the registration number and password. They can re-open the saved application using registration number and password and edit the particulars, if needed. This facility of editing the saved information will be available for three times only. Once the application is filled completely, candidate should submit the same and proceed for online payment of fee.

iv. After registering online, the candidates are advised to take a printout of the system generated online application form.

v. Merit List: The selection will be based on shortlisting and interview. Merit list of the candidates will be generated which should be printed and retained by the candidate.

vi. Guidelines for scanning of photograph/signature/documents:

   i. Set the scanner resolution to a minimum of 200 dpi (dots per inch).
   ii. Set Color to True Color
   iii. Crop the image in the scanner to the edge of the photograph/signature, then use the upload editor to crop the image to the final size (as specified above).
   iv. The photo/signature file should be in .jpg or .jpeg format and the size should not exceed 500 kb.
   v. If the online payment of fee is not successfully completed in first instance, please make fresh attempts to make online payment.
   vi. A provision is there to reprint the e-Receipt and Application form containing fee details, at later stage.
   vii. Application Fee once paid will not be refunded on any account NOR can it be adjusted for any other examination or selection in future.

F. CALL LETTER FOR INTERVIEW:

Intimation/ call letter for interview will be sent by email or will be uploaded on Bank’s website. NO HARD COPY WILL BE SENT.

G. SELECTION PROCESS:

The selection will be based on shortlisting and interview. Mere fulfilling minimum qualification and experience will not vest any right in candidate for being called for interview. The Shortlisting Committee constituted by the Bank will decide the shortlisting parameters and thereafter, adequate number of candidates, as decided by the Bank will be shortlisted and called for interview. The decision of the bank to call the candidates for the interview shall be final. No correspondence will be entertained in this regard.

Merit List: Merit list for selection will be prepared in descending order on the basis of scores obtained in interview only. In case more than one candidate score the cut-off marks (common marks at cut-off point), such candidates will be ranked according to their age in descending order, in the merit.

d. Document file type/ size:

   i. All Documents must be in PDF except Resume which should be in DOC or DOCX format.
   ii. Page size of the document to be A4.
I. GENERAL INFORMATION:

i. Before applying for a post, the applicant should ensure that he/she fulfills the eligibility and other norms mentioned above for that post as on the specified date and that the particulars furnished by him/her are correct in all respects.

ii. Candidates belonging to reserved category including, for whom no reservation has been mentioned, are free to apply for vacancies announced for unreserved category provided they must fulfill all the eligibility conditions applicable to unreserved category.

iii. In case it is detected at any stage of recruitment that an applicant does not fulfill the eligibility norms and/or that he/she has furnished any incorrect/false information or has suppressed any material fact(s), his/her candidature will stand cancelled. If any of these shortcomings(s) is/are detected even after appointment, his/her services are liable to be terminated.

iv. The applicant should ensure that the application is strictly in accordance with the prescribed format and is properly and completely filled.

v. Appointment of selected candidate is subject to his/her being declared medically fit as per the requirement of the Bank. Such appointment will also be subject to the service and conduct rules of the Bank for such post in the Bank, in force at the time of joining the Bank.

vi. Candidates are advised to keep their e-mail ID active for receiving communication viz. call letters/Interview date advices etc.

vii. The Bank takes no responsibility for any delay in receipt or loss of any communication.

viii. Candidates serving in Govt./Quasi Govt. offices, Public Sector undertakings including Nationalised Banks and Financial Institutions are advised to submit ‘No Objection Certificate’ from their employer at the time of interview, failing which their candidature may not be considered and travelling expenses, if any, otherwise admissible, will not be paid.

ix. In case of selection, candidates will be required to produce proper discharge certificate from the employer at the time of taking up the appointment.

x. Candidates are advised in their own interest to apply online well before the closing date and not to wait till the last date to avoid the possibility of disconnection/ inability/failure to log on to the website on account of heavy load on internet or website jam. SBI does not assume any responsibility for the candidates not being able to submit their applications within the last date on account of aforesaid reasons or for any other reason beyond the control of SBI.

xi. DECISIONS OF BANK IN ALL MATTERS REGARDING ELIGIBILITY, CONDUCT OF INTERVIEW, OTHER TESTS AND SELECTION WOULD BE FINAL AND BINDING ON ALL CANDIDATES. NO REPRESENTATION OR CORRESPONDENCE WILL BE ENTERTAINED BY THE BANK IN THIS REGARD.

xii. The applicant shall be liable for civil/criminal consequences in case the information submitted in his/her application is found to be false at a later stage.

xiii. Merely satisfying the eligibility norms does not entitle a candidate to be called for interview. Bank reserves the right to call only the requisite number of candidates for the interview after preliminary screening/short-listing with reference to candidate’s qualification, suitability, experience etc.

xiv. In case of multiple application, only the last valid (completed) application will be retained and the application fee/intimation charge paid for other registration will stand forfeited. Multiple appearance by a candidate for a single post in interview will be summarily rejected/candidature cancelled.

xv. Any legal proceedings in respect of any matter of claim or dispute arising out of this advertisement and/or an application in response thereto can be instituted only in Mumbai and courts/tribunals/forums at Mumbai only shall have sole and exclusive jurisdiction to try any cause/dispute.

xvi. Outstation candidates, who may be called for interview after short-listing will be reimbursed the cost of travelling for the shortest route in India OR the actual travel cost (whichever is lower) on the basis of actual journey. Local transportation will not be reimbursed. A candidate, if found ineligible for the post will not be permitted to appear for the interview and will not be reimbursed any fare.

For Post Sr No. 1 TO 3 : Airfare (economy class)
For Post Sr No. 4 to 14: AC-III tier (Mail/Express only)

xvii. BANK RESERVES RIGHT TO CANCEL THE RECRUITMENT PROCESS ENTIRELY AT ANY STAGE.
