C 1.0	FURNITURE WORK. SWO/Cash Counter				
	Providing and fixing in position 750 mm high single window counter with Side credenza for counters back/other area of dimension (1000x750x450mm). The rate quoted for SWC shall consist of: a) Basic Structure: 19mm thick MR/BWR/BWP ply for Top (1500 x 825 mm), Front (150/16700x750 mm). Two sides and one middle member (each 825x750 mm). Design and detail of the counters shall be as per Bank's new uniform colour, layout & elevation policy, with curvature in front made of flexi ply. b) One drawer unit (at every 1500-1800 mm length of counter) of 400mm wide (clear internal size). The chest of Drawer units shall have two smaller draw of equal size on top and one bigger vertical filling drawer at bottom with autolocking push type locks (Godrej/Link) and "C" type SS finish handles. The drawers to be made out of 12mm thick BWR/BWP ply at sides, bottom and rear, 19mm thick BWR /BWP plywood at front side. c) The table and credenza(shall be paid ecxtra as per item no (b) top- exposed surfaces shall be cladded with 1 mm thick laminate or equivalent make and shade as approved by EIC in the pattern as directed by the Engineer-in-charge with 6mm Flexi Plywood in curvature (which should be achieved with a frame work of 50mm x 50mm sal wood frame to be fixed from the front modesty panel / apron and the bottom of this niche to have provision of cove lighting with LED strips) and other exposed surface to be finished with 1 mm thk laminate of approved make and shade as directed by EIC. d) All un-exposed surfaces shall be cladded with 6mm Corian, for which the payment shall be paid as per item no G(5) with 0.8 mm thick laminate of approved make and shade. e )Ebco/Godrej make telescopic sliding key board tray and a mobile CPU stand.	Rmt.	5.00		
2.0	Branch Manager table with side credenza Providing executive type manager table of 1800x900x750 mm and side credenza				
	1050x700x400 mm with table top of 25mm th. ply and a front drawer unit consisting 3 Nos of drawer units slides on telescopic slider made up of 19mm thk ply with locking arrangement. The exposed edge surfaces are to be finished with 1.0mm thk laminates as per design of approved shade and the inner surface is finished with 0.7 mm thk laminate. The side credenza will have two drawer unit slides on telescopic slider and two cupboard unit. Quoted rates shall also include cost of polished teak wood moulding (finished 40x20 mm section) to edges of table. top: polished teak wood- lipping (6mm thick) to free edges of block board /plywood surfaces; approved drawer-slides, hinges and locks with keys in duplicate : other necessary hardware and accessories including satin finish S.S handles. knobs and wire - managers , foot rest etc. of approved quality. It also include readymade keyboard of engineering plastic. The keyboard is a pullout type, fixed to channels and screwed to below table top . The CPU stand is made up with 19 mm ply with laminate finish as per design. The work should be mpleted including all labour and material.	Nos	1.00		
3.0	Manager's table/ Officer table with side credenza Providing executive type manager table of 1500x750x750 mm and side credenza				
	Providing executive type manager table of 1500x/50x/50 min and side credenza 975x700x400 mm with table top of 19mm th. ply and a front drawer unit consisting 3 Nos of drawer units slides on telescopic slider made up of 19mm thk ply with locking arrangement. The exposed edge surfaces are to be finished with 1.0mm thk laminates as per design of approved shade and the inner surface is finished with 0.7 mm thk laminate. The side credenza will have two drawer unit slides on telescopic slider and two cupboard unit. Quoted rates shall also include cost of polished teak wood moulding (finished 40x20 mm section) to edges of table. top: polished teak wood- lipping (6mm thick) to free edges of block board /plywood surfaces; approved drawer-slides, hinges and locks with keys in duplicate : other necessary hardware and accessories including satin finish S.S handles. knobs and wire - managers , foot rest etc. of approved quality.	Nos	4.00		
	It also include readymade keyboard of engineering plastic .The keyboard is a pullout type, fixed to channels and screwed to below table top . The CPU stand is made up with 19 mm ply with laminate finish as per design. The work should be implemented including all labour and material.				
	It also include readymade keyboard of engineering plastic .The keyboard is a pullout type, fixed to channels and screwed to below table top . The CPU stand is made up with 19 mm ply with laminate finish as per design. The work should be implemented				

	Providing and febricating of running table top of size 2'-0"wide and a front drawer unit consisting 3 Nos of drawer units slides on telescopic slider made up of 19mm th.ply (conforming IS 710) with locking arrangement. The exposed edge surfaces are to be finished with 1.0mm th laminates as per design of approved shadea and the inner surface is finished with 0.8 mm th inner laminate . Quoted rates shall also include cost of polished teak wood moulding (finished 40x20 mm section) to edges of table. top: polished teak wood- lipping (6mm thick) to free edges of block board /plywood surfaces; approved drawer-slides, hinges and locks with keys in dupli'cate : other necessary hardware and accessories including satin finish S. Shandles. knobs a wire - managers, foot rest etc. of approved quality. It also include readymade keyboard of engineering plastic ( KD 575 PMT/INNOFITT SYSTEMS OR Equvialent ) . The keyboard is a pullout type, fixed to channels and screwed to below table top . The CPU stand is made up with 19 mm ply with laminate finish as per design. The work should be mpleted including all labour and material.	Rmt.	2.15		
5.0	Storage Cabinate. Providing and fixing 750mm high and depth of 450 storage cabinet having minimum 2 filing cabinets made out of 19 mm thk. BWP block board. All exposed surfaces shall be cladded with 1 mm thick s laminates of approved make and shade except edges. Edges which shall be covered with 1mm thk PVC lipping as directed by the Engineer-in- charge and Cabinet Top is to be provided with 1mm thick laminate. All un-exposed surfaces shall be cladded with 0.7 mm thick laminate of approved make and shade storage cabinet should be complete in all respect as per the drawing and direction of Engineer-in-charge including all hardware and locking arrangements. The rate shall include cost of all materials, labour, taxes, T&P, transportation, royalties etc.	Sqm.	14.22		
6.0	Grahak Mitra Table: Providing curved table of 1500x900x750 mm in curved pattern with table top made of 19mm th. ply and a front drawer unit consisting 3 Nos of drawer units slides on telescopic slider made up of 19mm thk ply with locking arrangement. The exposed edge surfaces are to be finished with 1.0mm thk laminates as per design of approved shade and the inner surface is finished with 0.7 mm thk laminate Quoted rates shall also include cost of polished teak wood moulding (finished 40x20 mm section) to edges of table. top: polished teak wood- lipping (6mm thick) to free edges of block board /plywood surfaces; approved drawer-slides, hinges and locks with keys in duplicate : other necessary hardware and accessories including satin finish S.S handles. knobs and wire - managers , foot rest etc. of approved quality. It also include readymade keyboard of engineering plastic. The keyboard is a pullout type, fixed to channels and screwed to below table top . The CPU stand is made up with 19 mm ply with laminate finish as per design. The work should be completed including all labour and material.	Nos	1.00		
7.0	Providing and fixing FR(fire resistant) door of thickness 45mm for UPS room and system of size (900 mm x 2100 mm'). The FR rating of the such doors is one hour and should have vision panel of 200mm x 300mm with hinges of SS304, cylindrical lock, screws and other necessary hardwares, complete to fix the doors, as per the direction of EIC. The make providing should confirm the specifications of such doors to IS-3614(part-2) 1992.	Sqm.	4.00		
D	FINISHING WORK				
<u>1.0</u> 2.0	Plastering work Synthetic Enamel paint Scrapping the old surface of the grills/rallings as directed by the Bank. making the surface free from dust thereafater applying one coat primer with two or more coat of synthetic enamel paint of Asian or equiv of berger/ ICI/ with approved shade and colour. Cost also include touch up finishing to the surface/wall surface to get uniform and smooth look, complete in all respect as per the direction of EIC.	Sqm.	10.00		
3.0	Internal wall painting Applying Roller Finishing the wall surafce with two or more coat of wall primer followed by two or more coats of plastic emulsion paints of asian or equiv of berger/ ICI/ with approved shade and colour. Cost also include touch up finishing to the wall surface with putty of Birla/ Asian/Berger to make the surface in line and level.	Sqm.	203.50		
E	PANELLING WORK				
1.0	Providing and fixing wall and column paneling as described below Providing and fixing wall / column paneling with 25mm x 25mmx1.5 mm hollow aluminum square tube frame work covered by 9 mm thick BWP/BWR ply and finished with 1mm thick laminateof approved shade and brand pasted as per design and 100x12mm teak wood skirting polish finished including provisions for providing electrical switch box etc complete as per the tender specification . The work should executed as per as per Architect's recommendation & as directed by EIC. Cost includes all type of material, labour , necessary , staging , tools tackles, etc complete	Sqm.	43.50	<u>.</u>
