## BOQ FOR INTERIOR FURNISHING WORKS OF SBI UDAIPUR CURRENCY CHEST AND BRANCH AT UDAIPUR, TRIPURA, INDIA GROUND FLOOR WORKS

	GROUND FLOOR WORKS					
SL	DESCRIPTION	UNIT	QNTY	RATE	AMOUNT	
Α	CARPENTRY WORKS					
1	SINGLE WINDOW COUNTERS (SWO) WITH PARTITION AS PER THE DRAWING (6'1" X 5'3")					
	Providing and fixing in position the Single Window Counter of internal size 1500mm x 2100mm, made of 18mm thick	NOS	6			
	MR grade Plywood and drawers/cup boards with 12mm/8mm(6mm for Back only) MR grade Plywood as per the		ľ			
	drawing and direction of Engineer in Charge with key board drawer and necessary arrangements for keeping the					
	monitor, CPU,UPS, printers, battery and note counting machine etc as shown in the drawing. All the horizontal					
	surfaces shall be provided with 6mm thk Corian, Frosty White fully polished and front edge bended as per design and					
	vertical surfaces to be finished with 1.0MM thk laminate of Merino Make UNI MR+UNI COLOUR TUFF GLOSS					
	LAMINATE of approved shade as per approved design. All other sides (Customer Side and inside) and shutters of of					
	side storage and pedestal (Inside) shall be finished with 1.0MM thk laminate of Merino Make UNI MR+UNI COLOUR					
	TUFF GLOSS LAMINATE of approved shade as per approved design. It shall also consist of 12 mm thk clear					
	Toughened glass of size 1'6 1/2 " x 4'3" on either sides as per the design and shape as shown in the detail drawing,					
	fixed with necessary supports, on either sides at two ends as per design. All the Thickness shall be finished with					
	Corian to desired polished and shade. The side storage/Cadenza shall have doors sliding on rollers as per disign with					
	proper locking system. The key board drawer shall be provided with telescopic rail of "hettich/ Hafele" make . All					
	internal surfaces shall be painted with 2 or more coats of synthetic enamel paint of approved colour and make over a					
	coat of primer. The drawers /cup boards shall be fitted with best quality knob/handle and self locking arrangements of Hattich / Hafala or equivalent make. The internal dimensions shall be 1500mm v 2100 mm as per drawing (Pl refer					
	of Hettich/ Hafele or equivalent make. The internal dimensions shall be 1500mm x 2100 mm as per drawing(PI refer the Detail Drawing for Detailed Measurement and Specification). The rate to include all necessary charges of					
	hardware materials, labour, taxes, transportation and contractor's overhead etc. Refer Detail Drawing of Single					
	Window for reference. Rates Shall be inclusive of all locks, handles, magnets, Tower bolts etc and other hardware					
	items as may be required and as asked by the architect/ engineer incharge					
2	WORK STATIONS WITH SIDE STORAGE		-			
i	FOR OFFICERS (5'6" X 5'6")	NOS	6			
_	Providing and laying Officer's Workstations of over all size 1650mm x 1650 mm , of top as mentioned in the attached		_			
	drawing. It shall consist of ¾" thk.MR grade Plywood top as per design (double edge on the front and back with )					
	supported on ¾" thk.MR grade Plywood verticals. Suitable (as per Architects design) . A ¾" thk.MR grade Plywood					
	apron shall be provided as per Architects design with necessary pattern. The Table top and side storage alongwith all					
	other external sides should be finished with 1.0MM thk laminate of Merino Make UNI MR+UNI COLOUR TUFF GLOSS					
	LAMINATE of approved shade as per approved design and a groove shall be maintained and provided at the joints					
	between two colour shade. Each top should be provided with 3" dia PVC wire manager of approved quality near the					
	CPU / Monitor , 1 no Metal Keyboard Tray of Best quality, 1 no Metal CPU Trolley at position as shown in					
	drawing, The side Storage shall have openable shutter on hinges with necessary locking arrangements. All exterior					
	parts of the storage, including the shutters shall be finished with 1.0MM thk laminate of Merino Make UNI MR+UNI					
	COLOUR TUFF GLOSS LAMINATE of approved shade & colour over plywood . The Work station shall also consists of a					
	pedestal for the table as per design with central locking system. The external face and sides of the pedestal shall be finished with with 1.0MM thk laminate of Merino Make UNI MR+UNI COLOUR TUFF GLOSS LAMINATE of approved					
	shade as per design .All internal surfaces shall be painted with 2 or more coats of synthetic enamel paint of					
	approved colour and make over a coat of primer. All locks and other hardware fitting shall be strictly of Haffle or					
	Hettich only and appropriate deduction/ penalisation as deemed fit by the enginger-in-charge/ architect shall be					
	made if the same make for locks and all hardware fittings are not used by the contractor.					
	and the contractor.		1			
	PARTITIONS WORKS					
	Note: - The rate shall be include of frame work above false ceiling level. Measurement should be taken up to false ceiling level and visible portion only.					
	cenning level and visible portion only.	<u> </u>	<u> </u>			
1	FULL HT SOLID PARTITION					
	Providing and fixing partition framing shall consist of Heavy duty Aluminium Box Sections 50mm x 50mm x 3mm @					
	600mm c/c both ways Horizontally and Vertically. The vertical alternate frames to be fixed to the ceiling with					
	necessary fixtures. The framing shall be fixed with 8 mm thk. BWPI ply on both side and either kept naked or finished					
	with Laminate/ Veneer/ Corian/ Lecquered Glass of thickness 1mm / 4 mm / 6mm and 6 mm respectively, as per the					
	description as in below . The shade of laminate / vineer/ corian/ lecquered glass should be as per the direction and					
	design of the architect concerned. The skirting should be as per approved laminate as per drawing and direction.					
	Rate shall be inclusive of necessary hardware items, etc. Complete. The edge beadings with steam beach wood should be finished with melamine.					
	Snouia de ilitisnea with melamine.					
i	WITH BOTH SIDE LAMINATE	SQM	21.2			
2	FULL HT PARTLY GLAZED PARTITION					
	Specification same as 3 above except for 8mm approved make clear float glass shall be provided above 2'-e" from ffl					
	or as advised by architect with necessary steam beach moulding finished with melamine. The rate shall include necessary etching film / LOGO.					
			<u> </u>			
i	WITH BOTH SIDE LAMINATE	SQM	9.7

Rate includes cost of glass door with approved hardware such as patch fitting, lock, handles, floor spring etc. of approved make. The contractor is advised to obtain approval for fixing details of the doors from EIC / Architect before execution of work. Schedule of hardwares per shutter is as follows:  A OZONE Make: OSSPF-1 Over Panel Patch with pivot for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  B OZONE Make: OSSPF-3 Bottom Patch Fitting for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  D OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  C OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  D OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.				-		
Providing and fixing panelling on wall/partition with 4mm thk polished SS strips of 304 grade - Bottomline make at palces as mentioned in the drawing and as directed by the architect. The rate includes cost of adhesives like fevicol, silicon, nalls, screws and labour charges etc. all as per instructions of EIC / Architect.  4 PANELLING ON WALLWITH ACP / COMPACT LAMINATE  Providing and fixing panelling on wall with or without frame. Framing shall consist of Aluminium Sections of 2"x1" as directed by Bank / Architect. This framing would be covered and finished with 3mm thick Aluminium Composite Panel / Compact laminate. The rate shall inclusive of necessary fixtures and fittings, sealant etc. complete.  DOORS  1 ENTRANCE DOORS - IN TOUGHENED GLASS  Providing and fixing in position 12mm thick Clear Toughened Glass Door of AIS/SAINT GOBIN Make by using various glass patch fittings to be fixed with necessary fittings, duly finished without giving any load on the false ceiling by using necessary hardware to complete the job in all respects. Rate includes cost of glass door with approved hardware such as patch fitting, lock, handles, floor spring etc. of approved make. The contractor is advised to obtain approval for fixing details of the doors from EIC / Architect before execution of work. Schedule of hardwares per shutter is as follows:  A OZONE Make: OSSPF-1 Over Panel Patch with pivot for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  B OZONE Make: OSSPF-3 Bottom Patch Fitting for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  D OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  C OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  D OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.			22.4	24.0		
palces as mentioned in the drawing and as directed by the architect. The rate includes cost of adhesives like fevicol, silicon, nails, screws and labour charges etc. all as per instructions of EIC / Architect.  4 PANELLING ON WALLWITH ACP / COMPACT LAMINATE  Providing and fixing panelling on wall with or without frame. Framing shall consist of Aluminium Sections of 2"x1" as directed by Bank / Architect. This framing would be covered and finished with 3mm thick Aluminium Composite Panel/ Compact laminate. The rate shall inclusive of necessary fixtures and fittings, sealant etc. complete.  DOORS  ENTRANCE DOORS - IN TOUGHENED GLASS  Providing and fixing in position 12mm thick Clear Toughened Glass Door of Als/SAINT GOBIN Make by using various glass patch fittings to be fixed with necessary fittings, duly finished without giving any load on the false ceiling by using necessary hardware to complete the job in all respects. Rate includes cost of glass door with approved hardware such as patch fitting, lock, handles, floor spring etc. of approved make. The contractor is advised to obtain approval for fixing details of the doors from EIC / Architect before execution of work. Schedule of hardwares per shutter is as follows:  A OZONE Make: OSSPF-1 Over Panel Patch with pivot for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  C OZONE Make: OSSPF-3 Bottom Patch Fitting for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  D OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  C OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  C OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  C OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.	3		RIVI	34.8		
fevicol, silicon, nails, screws and labour charges etc. all as per instructions of EIC / Architect.  4 PANELLING ON WALLWITH ACP / COMPACT LAMINATE  Providing and fixing panelling on wall with or without frame. Framing shall consist of Aluminium Sections of 2"x1" as directed by Bank / Architect. This framing would be covered and finished with 3mm thick Aluminium Composite Panel / Compact laminate. The rate shall inclusive of necessary fixtures and fittings, sealant etc. complete.  5 DOORS  LENTRANCE DOORS - IN TOUGHENED GLASS  Providing and fixing in position 12mm thick Clear Toughened Glass Door of AIS/SAINT GOBIN Make by using various glass patch fittings to be fixed with necessary fittings, duly finished without giving any load on the false ceiling by using necessary hardware to complete the job in all respects. Rate includes cost of glass door that paproved hardware such as patch fitting, lock, handles, floor spring etc. of approved make. The contractor is advised to obtain approval for fixing details of the doors from EIC / Architect before execution of work. Schedule of hardwares per shutter is as follows:  A OZONE Make: OSSPF-1 Over Panel Patch with pivot for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  B OZONE Make: OSSPF-3 Bottom Patch Fitting for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  C OZONE Make: OSSPF-1 Patch Lock for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  D OZONE Make: OSSPF-610 over Panel Side Panel Connector for 10 or 12mm thick Glass-Solid Stainless Steel in SS 304 grade - 1No.  Providing and fixing panelling on the fact of the panel state in the first panel state in SS 304 grade - 1No.  Providing and fixing panelling on the fact panel state						
4 PANELLING ON WALLWITH ACP / COMPACT LAMINATE  Providing and fixing panelling on wall with or without frame. Framing shall consist of Aluminium Sections of 2"x1" as directed by Bank / Architect. This framing would be covered and finished with 3mm thick Aluminium Composite Panel / Compact laminate. The rate shall inclusive of necessary fixtures and fittings, sealant etc. complete. 25mm drywall screws driver or drilling machine with suitable attachment.	
The boards are to be jointed and finished with POP so as to have a flush look and ready to receive paint which	
includes filling and finishing the tapered and square edge of the boards with jointing compound & joint paper tape.	
Rate shall be inclusive of Cut outs for A/c machiness, spot lights, light fixtures, A/C. Grills, fire and security systems	
cut outs, All Sections should adhere to the manufacturers guidelines. Vertical sides visible will be measuredRates	
Shall also be inclusive of vertical drop in ceiling upto 12" and no extra measurement for the drop upto 12" will be	
entertained.	
entertamea.	
2 MODULAR FALSE CEILING - ARMSTRONG / equivalent make SQM 146	
Providing and fixing Armstrong (Fine Fissured Micro Look with Tagular Edge using 15mm Grid sections) false ceiling	
of size 24" x24" at levels as shown in the drwng. from FFL. Rate shall be inclusive of providing the total system with	
installation etc The contractor has to maintain all tiles in good order and replace the defected tiles (at his own cost)	
before handing over the site for Branch Operations (till Inauguration).	
3 ASBESTOS SHEET CEILING SQM 10.5	
Providing and fixing A.C BOARD false ceiling of size 24"x24" at levels as shown in the drwng. from FFL. Rate shall be	
inclusive of providing the total system with installation etc The contractor has to maintain all tiles in good order and	
replace the defected tiles (at his own cost) before handing over the site for Branch Operations (till Inauguration).	
4 FALSE CEILING IN PLY WITH PAINT FINISH SQM 22.3	
Providing and fixing 12mm ply with necessary support from ceiling of 2"x2" Sal wood members provided at 2'-0" c/c	
and finished with paint of approved shade, with necessary primer etc. as per the approved design. ( Painting will be	
measured separately)	
5 FALSE CEILING IN PLY WITH VENEER IN MELLAMINE POLISH SQM 5.5	
Providing and fixing 12mm ply with necessary support from ceiling of 2"x1" Sal wood members provided at 2'-0" c/c	
and finished in veneer with mellamine polishof approved shade.	
6 FALSE CEILING IN PLY WITH LAMINATE FINISH SQM 8.26	
Providing and fixing 12mm ply with necessary support from ceiling of 2"x2" Sal wood members provided at 2'-0" c/c	
and finished with 1.0mm thk laminate of approved shade, as per the approved design.	
F PAINTING	
1 PLASTIC EMULSION PAINT FOR GYPSUM CEILING SQM 140	
Providing & applying plastic emulsion paint on walls, columns & ceilings. The rate shall include scrapping, levelling &	
preparing the surface. Primer coat + (minimum) 3 coats to get evenly spread quality finish (roller finish) of approved	
make , quality & finish shall be provided.	
make, quanty & minim mail be provided.	
2 LUSTRE PAINT FOR WALLS IN BANKING HALL SQM 132	
Providing & applying Luster Paint on walls, columns & ceilings. The rate shall include scrapping, levelling & preparing	
the surface. Primer coat + (minimum) 3 coats to get evenly spread quality finish (roller finish) of approved make,	
quality & shade shall be provided.	
3 TEXTURED FINISH ON THEAME WALL OR AS DIRECTED BY THE ARCHITECT SQM 34.8	
Providing & applying a coat of textured finish on walls and columns. The rate shall include scrapping, levelling &	
preparing the surface. Primer coat + (minimum) 3 coats of approved make, quality & shade shall be provided.	
G MISCELLANEOUS ITEMS	
1 VERTICAL BLINDS WITH SCOTCH GUARD SQM 44.5	
Providing & fixing in place 100 mm. Vertical blinds of approved make, quality and colour shade & pattern. Rate shall	
include necessary scotch guard treatment on both sides. The overlaps should be uniform & adequate.
