26-year-old swimming coach dies of coronavirus

SHIVAMPATEL
NEW DELHI, JUNE 21

A 26-YEAR-OLD swimming coach at a Delhi government facility in Central Delhi's Jhandewalan died after testing positive for coronavirus on Wednesday, two days before his birthday and four months into his marriage.

Ashutosh Gupta's family Sunday alleged negligence on the part of Lady Hardinge Medical College (LHMC), claiming he was not given timely treatment and the family was asked to help wrap his body in protective covering after he died.

His brother Ankit (20) said Ashutosh had won medals in many swimming competitions over the past five years and supported the family financially. "He was admitted in the 'orange zone' of the hospital and died a few hours after the test results came out. I was with him in the ward throughout, along with my mother and cousin. After he died, the hospital sent one of their attendants to wrap the body, who took my help to lift and move it," said Ankit.

Hospital medical director Dr N N Mathur said he has initiated an inquiry into the allegations and is taking the matter seriously. He also said the 'orange zone' of the hospital is where patients suspected of having coronavirus, and

Ashutosh Gupta's family alleged negligence on the part of Lady Hardinge Medical College

awaiting test results, are kept.

"This patient was young and obese. He was admitted at 2 am on June 17 and died within 12 hours of admission. After the report was received as positive... the patient was planned to be shifted to Covid emergency but collapsed prior to shifting," said Dr Mathur.

He added that the body should have been put in a bag inside the ward as per protocol, and the hospital is finding out how the body was handled after death.

The eldest of three siblings, Ashutosh was about to turn 27 on June 19 and got married in February. His wife and 47-year-old mother are awaiting their Covid test results.

Ankit said no one from the family has developed any symptoms. Ashutosh had developed a fever and was taken to the LHMC

after June 10 midnight, where he was tested and asked to home isolate.

"He had problems breathing so we arranged for an oxygen machine for him. On June 14, we were told by the hospital that the Covid report had been misplaced. We then got him tested at Sir Ganga Ram Hospital and they shared the result on June 17," said Ankit.

Dr Mathur said Covid reports are collected from sampling centres and in the past, they have sometimes been taken by the wrong person. "From the past four-five days, results are now coming out on the same date of the test and patients can access them on the RT-PCR application. So these things (misplacement) should not happen now," he said.

Ankit said he watched his brother die at the hospital on Wednesday afternoon after he began foaming at the mouth. The family hoped they would be provided some compensation as Ashutosh was the main earning member of the family.

Ashutosh's father Rajendra Prasad Gupta worked as a security guard at a school for the blind near Connaught Place before the lockdown, but is presently out of work. Ankit is preparing for an exam to enter the Delhi Police.

"He used to support us all at home, now we don't know what will happen," said Ankit.

SECURITY GUARD AMONG 4 ARRESTED

Retired MEA official attacked, his wife stabbed to death in Safdarjung robbery

JIGNASA SINHA
NEW DELHI, JUNE 21

A 94-YEAR-OLD retired MEA official was attacked and his 88-year-old wife stabbed to death during a robbery at their Safdarjung Enclave residence in Southwest Delhi on Saturday night. Police said the security guard of the building where the couple lived, along with three of his associates, allegedly overpowered Baldev Raj Chawla and his wife Kanta, slit the woman's neck when she tried to resist, and fled with money and jewellery.

DCP (Southwest) Devender Arya said the four accused — guard Rajesh (18), Gyanender (22), Om (18) and Pramod (26) —

were arrested on Sunday from Lakhimpur Kheri near the Nepal border. Police said all hail from the neighbouring country.

The couple lived on the upper ground floor in Safdarjung Enclave's A1 block.

Police said that around 9 pm Saturday, the accused went to the couple's house. DCP Arya said: "The guard was appointed two weeks ago. When Kanta opened the door, she saw the men. Before she could do anything, they overpowered the couple. Kanta tried to stop them but one of them attacked her with a sharp object." They forced her husband to sit on the sofa and tied his hands with a rope.

Police said the accused then went to the bedroom and fled

B R Chawla and wife Kanta

with money and jewellery worth Rs 55,000.

Police said Chawla managed to go out, take the lift to the third floor and alert his neighbours. They immediately called the RWA president, who made the

PCR call. The woman was taken to a hospital but succumbed to her injuries. Police said the couple had two children but both died a few years ago.

Police said Chawla is still in a state of shock and has not been able to give details of what is missing from his home. RWA president VK Malhotra said, "The couple were registered with the Delhi Police's senior citizen scheme and police constables would often visit them. One of their security guards had been working with them for 25 years, and the couple hired another one recently. He didn't have police verification." A senior police officer said, "The men had been planning the robbery for two days. They booked a cab from

Safdarjung Enclave to Nepal on June 18. Rajesh had been referred to the couple by their domestic help. The accused were fleeing to Nepal when they were caught."

Jitendra Kumar, the other security guard from the building, said, "I got a call from a resident on the third floor about the robbery. I rushed to their home and found aunty lying on the floor with injuries on her neck. Uncle was sitting on the chair, shocked. He told us the robbers took everything and killed aunty." Kumar said the couple didn't move out a lot due to their old age, and their domestic help would arrange for groceries and medical help. "Their daughter-in-law and grandchildren live in the US," said the guard.

Lockdown hits security guards in Gurgaon, placement agencies say strapped for cash

SAKSHI DAYAL
GURGAON, JUNE 21

FOR THE last eight years, Prem Kumar (35) had been working as a security guard at a commercial complex in Gurgaon. In the aftermath of the lockdown due to the Covid-19 outbreak, he has been reduced to switching professions and taking up employment as a labourer for a living.

"I went through a very difficult time during the lockdown. I was desperate and the security company I worked for was neither calling me to work nor paying me any salary. In April, I was at a point where I was not eating food for two-three days at a time," said Kumar, whose wife and two children reside with his parents in his native Bihar.

"When the lockdown was relaxed, I left the company I was working for and started taking up labour work through a contractor. The pay is half of what it used to be, and the job is not stable, but at least I am filling my stomach to

day," he said, adding that the complex he worked at earlier is yet to re-open its doors.

Security agencies across Gurgaon further corroborate Kumar's claims, stating that with malls and schools still closed and offices and industries operating with lesser strength, they are not receiving payments from their clients, due to which they, in turn, are facing issues paying their staff.

"Most of our clients have not been paying us since the lockdown. We are trying to manage whatever payments we can to minimise our staff's problems. We are giving them at last 50% of their salary," said an official at Secura, a security company that deploys over 50 personnel at offices and industries across the city.

At Denetim Services also, which has "10-15 personnel" deployed at shopping centres and malls in Gurgaon, staff has been getting only part of their payment. "Nobody is keeping security, so why will they make payments. We are paying our staff to whatever extent we can manage.

Several condominiums in Gurgaon are functioning with 25-30% fewer security staff. Archive

We are unable to pay them for the whole month but are trying to give enough so they can manage day to day expenses," said Anubhav Khiwani, founder of Denetim Services.

Officials at SDS Security, which has over 3,000 personnel deployed in offices, malls and industries in Gurgaon, say the demand for personnel has reduced by 40%. "We had to ask a lot of staff to go on unpaid leave. We have made whatever payments were owed to people and have kept them on

the job. We will reach out to them once work resumes again," said Sushil Kumar, branch head of SDS Security, adding that a lot of their staff has also returned to their villages. This latter fact has also emerged as a dominant trend in condominiums in Gurgaon, several of which are functioning with "25-30%" lesser staff than usual because many have returned home post-lockdown.

At Nirvana Country, for example, members of the RWA said "25-30%" of their staff has returned

home over the last month, with no time frame having been given as to their return. "We are around 30% short of staff, which, as far as I know, has returned home... We are managing by redefining our internal needs to ensure we are able to cope with the number of people available. We have 10 gates leading to our society, but are only allowing visitor entry from 4, which cuts down the staff required at these," said Rohit Chopra, General Secretary of the Nirvana Country RWA. Princeton Estate is operating with "70-80%" of its usual staff. "We had signed an agreement with our facility management service to provide us 50% of the staff at any point in time. This is now their responsibility," said Arati Pandya, Acting Secretary of the Princeton Estate RWA.

A security guard employed at a condominium in Gurgaon, who did not want to be named, said, "I worked all through the lockdown. We used to stay inside the society itself and do our duties so there was no chance of infection entering the premises."

Yoga reduces migraines: AIIMS study

New Delhi: A study conducted by AIIMS doctors has found that yoga can reduce not just migraines but even lower treatment cost of the disease. The study, 'Effect of yoga as add on therapy in migraine', was published in the online issue of Neurology, the medical journal of the American Academy of Neurology. The new research suggests that yoga may help people with migraine, and lead

to headaches that happen less often, don't last as long and are less painful. A total of 114 patients with episodic migraine were recruited to one of two groups for the study.

"The first group received conventional medical therapy as prescribed by their doctors, while the second got conventional treatment, plus a yoga programme that included breathing exercises, relaxation techniques and yogic

postures," the study stated. The yoga protocol was prepared by yoga physicians at the Centre for Integrative Medicine and Research (CIMR) at AIIMS.

Dr Gautam Sharma, professor in-charge, Center for Integrative Medicine and Research, AIIMS, and one of the authors of the study, said, "Performing yoga is a stress-buster; several studies have shown stress is one of the precipitants for migraine." ENS

IRS officer's suicide: Note names 4 colleagues

MAHENDER SINGH MANRAL
NEW DELHI, JUNE 21

DAYS AFTER a 57-year-old Indian Revenue Service (IRS) officer allegedly committed suicide by hanging himself at his Chanakypuri home, The Indian Express has learnt that the suicide note recovered from his bedroom mentioned four colleagues who were allegedly harassing him after he filed a vigilance complaint against one of them.

Keshav Saxena, a 1988-batch IRS officer, was posted as principal commissioner in the I-T department at ITO. Police said they are sending his letter to experts at the Forensic Science Laboratory (FSL) to match his writing, and are investigating the matter after approaching his seniors and colleagues.

When contacted, Additional DCP (New Delhi district) Deepak Yadav said, "Enquiry into this

matter is going on. We are examining all persons concerned and relevant records."

On May 27, Saxena, a resident of Babu Dham in Chanakypuri, was found hanging by his wife. She took him to Primus Hospital where he was declared dead by doctors. "We received a call from the hospital authorities about the incident. Saxena had used a bedsheet to hang himself. We also found a suicide note in his bedroom. We are probing the matter," DCP (New Delhi) Eish Singhal had said.

A senior officer privy to the investigation said: "The victim mentioned four colleagues. He claimed one of them started creating trouble after he filed a complaint against him with his vigilance department." "Before any legal action, we are taking legal opinion and verifying facts from his department," the officer said.

So far, inquest proceedings has been initiated under Section 174 of CrPc, police said.

Jain's health improves after plasma therapy

EXPRESS NEWS SERVICE
NEW DELHI, JUNE 21

THE CONDITION of Delhi Health Minister Satyendar Jain has improved and his fever has subsided, a day after he was administered plasma therapy for the treatment of Covid-19.

According to sources, the condition of the 55-year-old minister is improving and he is being monitored by doctors.

Jain is likely to come out of the ICU by Monday. He was shifted to Max hospital on Friday afternoon after his condition worsened.

He was earlier admitted to the Delhi government-run Rajiv Gandhi Super Speciality Hospital on Tuesday after he developed breathlessness, fever and a drop in oxygen levels, shortly after he had tested negative for the virus. However, as symptoms persisted, he was tested again and his reports came positive on Wednesday.

Recently, Kalkaji MDA Atishi, Delhi government advisor Abhinandita Mathur and AAP media panelist Akshay Marathe had also tested positive. None of them have been admitted to hospitals and are reported to have only mild symptoms.

47-yr-old police head constable dies of virus

EXPRESS NEWS SERVICE
NEW DELHI, JUNE 21

A 47-YEAR-OLD Delhi Police head constable died from Covid-related complications at Panchsheel Hospital Sunday, said officials. The deceased, Lalit Kumar, was posted with the 4th battalion of the Delhi Armed Police. His family lives in Khajuri Khas. He worked as a reader to a senior officer in DAP.

Police said Kumar was under home quarantine after he showed mild symptoms. On June 17, he was tested for Covid at GTB hospital. His results returned positive after two days. On Saturday, his son called police and informed them his father was unwell. A senior police officer said, "Kumar complained of fever and breathlessness. He was immediately shifted to Panchsheel Hospital, but he died on Sunday." Kumar is survived by his wife and their 20-year-old son and 12-year-old daughter.

Till date, nine police personnel have died due to Covid and more than 800 personnel have tested positive for the virus.
