## PRICE BID FOR INTERIOR AND FURNISHING WORK OF KUMARBAGH BRANCH

	KUMARBAGH BRANCH							
S.NO.	ITEM	PARTICULARS	QTY.	UNIT	RATE	AMOUNT		
1		Providing and fixing low height Single Window counters / Case	3.28	RMTR.				
	SINGLE	Manager's table with a maximum width of 3'0" in required						
	WINDOW	shape as per typical de-sign. The main structure of the counter						
	COUNTER	is to be made of 19mm thick BWP Phenol Formaldehyde block						
		board of Green/Century / Mayur or equivalent/ Exterior Grade						
		MDF board of Green/Century or equivalent with a teak wood						
		beading of 50 mm x 38 mm in front and necessary beading to						
		cover all the ex-posed edges of board etc. The width of the						
		counter should have 5'0" (with disc credenza / cabinet of 1'4"						
		wide and maximum 3'6" length / depth (in-cluding width of						
		counter). The vertical supporting members of counter are to be						
		made of 19 mm thick BPW Phenol Formaldehyde block board						
		of Green/Century / equivalent or Exterior Grade MDF board of						
		Green/Century or equivalent don-8 box shall be provided by						
		the bank would be fitted properly in right hand side. The key board pullout tray of to be provided in addition to key board						
		drawer with lock and key make arrangement of standard make						
		to be decided by the Bank. The left hand side should have						
		cabinet made of 19 mm thick BWP, PF plywood and cavity						
		keeping CPU as per design / drawing. The counter top have a						
		neat hole to be made in the table for connecting the wires						
		which is to be covered with a dark colored PVC insert (wire						
		manager) with moveable parts to put the wires and sockets to						
		cover the hole neatly. The exposed block – board/ plywood to						
		be covered with 1.0 mm thick blue / white high gloss laminate						
		of Greenlam / Marino / Century or equivalent of approved						
		shade and colour. Exposed portions to be also covered with 1.0						
		mm thick blue / white high gloss laminate of approved shade						
		and colour. The internal and non-visible side of all drawers,						
		cabinets and coun-ter table shall be painted with 3 coats of						
		enamel paint over one coat of primer on the internal side.						
		Glass portion made of 12 mm thick toughen glass of approved						
		make as per design and specification securely fixed in toughen						
		section as per design and details and all necessary standard						
		quality of fit-tings, hard wares, locks (make or equivalent). Door						
		shutter of 19 mm BWP board to be fixed at the rear side of						
		counter with automatic locking system from Godrej or						
		equivalent. All work to be completed as per specification.						
2		Providing and fixing hydraulic Hardwyn, Everite or approved	7	NO.				
	DOOR	make equivalent door closures of Hardwyn, Everite or						
	CLOSER	equivalent approved brand and sample - all complete as per						
		instructions of the Bank. All complete work as per drawing,						
		design. Specification and direction of Engineer-in-charge						
		/Bank.						
	<u> </u>							

3		Providing and fixing double skin partly paneled & partly glazed full height partition with frames of 50 mm x 38 mm (finished size) seasoned hardwood members (Gamhar, Malaysian Sal wood / hollock) at maximum intervals of 450 mm x 450 mm with provision of bigger members at skirting, fixing to false ceiling (if provided) fixing to RCC Slab, Beams etc. all wood work to be treated with 1st quality anti-termite paint and covered with 6 mm thick BWP grade plywood/ Exterior Grade MDF board of Green/Century or equivalent and 1.0 mm thick (Greenlam / century or equivalent) blue / white high gloss laminate with grooves / small / panels cut and pasted in the same as per typical design, on both sides so as to form able skin partition to level 900 mm and with 8.0 mm clear float toughen glass of approved make as above at item-1 of Modi float or equivalent above, etched / etching film pasted as per design fixed in wooden frame and with teak wood beading as per detail design, which is to be of 1st quality teakwood (all visible wood to be of 1st quality teakwood) and shall be polished and protected with melamine polish. The wooden frame of the partition shall continue right up to the ceiling as shall be firmly fixed to the ceiling and ground by means of Rawal Plugs etc necessary fas-teners so as to form a stable system / partition all complete work with provision for wring to be done by other agencies all complete.	SQ. MTR.	
4		Providing and fixing full height non glazed parti-tion with all other specifications remaining identi-cal to that in item No. 3 above as required and the glazed area to be replaced by double skin partition of the same specification as exist in the other parts of the same partition – all complete work as per Corporate Centre, Mumbai approved materials Colour & Laminate and specifications and direc-tion of Engineer-in-charge /Bank.	SQ. MTR.	
5	LOW HEIGHT PARTITION	Providing and fixing low / half height partitions up to 4' 0" with double skin paneling up to 3'-0" and 12 mm thick toughened glass of approved make above frameless on the top and sides and sturdily fixed at the bottom on a polished teakwood frame all complete job with all other specifications and details to be as per item No. 3 above and as per the design i.e. shown in sides of low-height counters all complete work. All complete work as per Cor-porate Centre, Mumbai approved materials Colour & Laminate etc and specifications and direction of Engineer-incharge /Bank.	SQ. MTR.	
6	TOUGHENED	Providing and fixing / fitting mm thick toughened glass of approved make with all necessary hard-ware accessories etc including cost of labours and materials etc as per Corporate Centre, Mumbai approved materials Colour etc and specifications and the direction of E / I.	SQ. MTR.	

7	WOODEN GLAZED DOOR FOR CHAME-BRS ROOMS ETC.	Providing and fixing glazed door, all complete as per specifications given in item No. 3 above. Doors shall have separate hard wood chowkhats of 100 mm x 60 mm of Sal wood and frames of Gamhar wood which shall be of 150 mm x 40 mm at the top and sides and 200 mm x 40 mm at the bottom. Beading shall be given as per typical design and specifications. Door panel shall be of 8 mm thick clear float toughen glass of Modi float or AIS make or equivalent approved by the bank. All necessary hardware such as brass hinges (4 nos. heavy qualities for each door), door locks, brass tower bolts and any other hardware required for the door shall be in the rate. Gamhar frame shall be neatly covered with 4.0 mm BWP ply and 1.0 mm high gloss laminate as has been mentioned in item – 3 above of approved brand as has been mentioned at item no.1 above and as per design. All visible wooden surfaces shall be covered with high glosive laminate. All work to be completed as per Corporate Centre, Mumbai approved mate-rials Colour & laminate etc and specifications and direction of Engineer-in-charge /Bank.		SQM	
8	D-TEL	Providing D-Tel depository cabinet of Godrej make in counters of size-691mm x 460mm x 460mm of weight 33.00 kg of automatic locking including of cost of labors & materials etc. to complete job as per specification & direction of E/I.		NO.	
9	WORK	(a). Making and erecting Desk-top with provision of wore			
	STATIONS / TABLES	manager having two sides vertical support panels and modesty panel. All made of 19 mm thick BWP grade block board of Green / Century /Mayur or equivalent/ Exterior Grade MDF board of Green/Century or equivalent top laminated with 1.0 mm blue / white high gloss laminate of Green/ Marino / Century or equivalent. All edges shall be covered with teak wood lapping and front-edge shall be covered with half round molding. Inner portion of table shall be painted with matt finish 3 coat of synthetic enamel paint with primer. All wooden surfaces shall be well polished with melamine/sprit polish.  (b) Making & providing drawer chest with two drawers and one cupboard with concealed hinges and Godrej multipurpose locks. Box made of 19 mm thick and bottom with 6 mm BWP grade ply of Green/ Century or equivalent / Exterior Grade MDF board of Green/Century or equivalent front shall be cladded with 1.0 mm thick high gloss blue /white laminate of Green lam / Century or equivalent side edges of drawers and cupboard shall molded in round shape with Gamhar wood. All drawers shall have 'Z' shape powder coated MS runners with PVC sound less rollers. All work to be completed as per Corporate Centre, Mumbai approved ma-terials Colour Laminate and specifications and direction of Engineer-incharge /Bank.  (c) Providing and fixing key board tray (as per design and			
		specification at 1- above) try and made of PVC / Laminated			
		board on 'Z' shape powder coated runner with PVC soundless

The panel board is to be finished with blue paint and high gloss polywrethance coating of approved shade & make on its surface. Provisions are to be made for fixing LED strips.  The work is to be completed with all materials, accessories, labor, tools & tackles and in strict conformity with manufacturers specifications & recommendations.  All materials should be approved by Bank.  Visible plain area is to be measured for finished work.  17 WRITING  DESKS  DESKS  Providing and fixing column-mounted Circular Writing Desk as per design.  The Desk is to be fixed to the column along the perimeter through penipheral 19 mm thick BWP block boards/Exterior Grade MDP board of Green/Century or equivalent with angled MS plate support as re-quired.  The Desk shall have two parts viz. head and stand. The Head, circular in plan, is to have an average 450 mm projection around the column periphery for facilitating writing. The Stand, conical in shape on elevation, is to be fixed to the column with a projection of 200 mm at the punction with head, and 50 mm at the floor-column junction all around. The head is to be provided with two circular disks made out of 19 mm thick BWP block board sections? Exterior Grade MDF board of Green/Century or equivalent, shall be provided to pigeon hole-shaped cells. Dividers, made out of 12 mm thick BWP block board sections? Exterior Grade MDF board of Green/Century or equivalent, shall be provided to pigeon hole eslis, 200 mm wide at the openings for keeping vouchers, slips etc. Each of the disks shall have an octagonal shaped hole in the centre around the column. The stand is to be made with a			the false ceiling as directed with GI intermediate channels,			
The cut-out is to be surrounded by 25 mm wide plain Gypsum sections fixed above & around its penipher by G iscrews.  The panel board is then to be placed on the Gyp-sum sections surrounding the cut-out and shall be fixed on it by 25 mm long GI drywall screws at 250 mm intervals along the penimeter.  The panel board shall have a projection of at least 25 mm beyond the penimeter of the cut-out.  The panel board is to be finished with blue paint and high gloss polywerhane coating of approved shade & make on its surface. Provisions are to be made for fixing LED strips.  The work is to be completed with all materials, accessories, labor, tools & tackles and in strict conformity with manufacturers specifications & recommendations.  All materials should be approved by Bank.  Visible plan area is to be measured for finished work.  Providing and fixing writing Desks as specified below:  Providing and fixing writing Desks as specified below:  Providing and fixing column-mounted Circular Writing Desk as per design.  The Desk is to be fixed to the column along the perimeter through peripheral 19 mm thick BWP block boards Exterior Grade MDF board of Green/Century or equivalent with angled MS plate support as re-quired.  The Desk shall have two parts viz. head and stand. The Head, circular in plan, is to have an average 450 mm projection around the column periphery for facilitating writing. The Stand, conical in shape on elevation, is to be fixed to the column with a projection of 200 mm at the junction with head, and 50 mm at the floor-column junction all around. The head is to be provided with two circular disks made out of 19 mm thick BWP block board.  The disks are to be fixed to the column keeping one on top & the other at bottom, 200 mm apart to have pigeon hole-shaped cells. Dividers, made out of 12 mm thick BWP block board sections Exterior Grade MDF board of Green/Century or equivalent, shall be provided to pigeon hole cells, 200 mm wide at the openings for keeping vouchers, slips etc. Each of the disks shall have n			ceiling sections, ceiling suspension angles etc. fitted to it as			
sections fixed above & around its periphery by GI screws. The panel board is then to be placed on the Gyp-sum sections surrounding the cut-out and shall be fixed on it by 25 mm long GI drywall screws at 250 mm intervals along the perimeter. The panel board shall have a projection of at least 25 mm beyond the perimeter of the cut-out. The panel board is to be finished with blue paint and high gloss polyurethane coeting of approved shade & make on its surface. Provisions are to be made for fixing LED strips. The work is to be completed with all materials, accessories, labor, tools & tackles and in strict conformity with manufacturers specifications & recommendations. All materials should be approved by Bank. Visible plan area is to be measured for finished work.  17 WRITING DESKS  18 Providing and fixing writing Desks as specified below: Providing and fixing writing Desks as specified below: Providing and fixing vriting Desks as specified below: Providing and fixing roculture with the strip of			required.			
The panel board is then to be placed on the Gyp-sum sections surrounding the cut-out and shall be fixed on it by 25 mm long Gl dywall strews at 250 mm intervals along the perimeter. The panel board shall have a projection of at least 25 mm beyond the perimeter of the cut-out. The panel board is to be finished with blue paint and high gloss polyurethane coating of approved shade & make on its surface. Provisions are to be made for fixing LED strips.  The work is to be completed with all materials, accessories, labor, tools & tackles and in strict conformity with manufacturers specifications & recommendations.  All materials should be approved by Bank.  Visible plan area is to be measured for finished work.  In the Desk is to be fixed to the column along the perimeter through peripheral 19 mm thick BWP block boards/Extenor Grade MPG board of Green/Century or equivalent with angled MS plate support as re-quired.  The Desk shall have two parts viz. head and stand. The Head, circular in plan, is to have an average 450 mm projection around the column periphery for facilitating writing. The Stand, conical in shape on elevation, is to be fixed to the column with a projection of 200 mm at the loor-column junction all around. The head is to be provided with two circular disk made out of 19 mm thick BWP block board.  The disks are to be fixed to the column keeping one on top & the other at bottom, 200 mm apart to have pigeon hole-shaped cells. Dividers, made out of 12 mm thick BWP block board sections/ Exterior Grade MPG board of Green/Century or equivalent, shall be provided to pigeon hole cells, 200 mm wide at the openings for keeping ovochers, spips etc. Each of the disks shall have an octagonal shaped hole in the centre around the column. The stand is to be made with an inner wooden framework of 50 mm 3.75 mm well seasoned Malaysian sal wood sections to have a conical shape as per design.  The framework shall be covered with 12 mm thick flexi-ply all around.  The work is to be finished with 1mm thick high gloss lamina			The cut-out is to be surrounded by 25 mm wide plain Gypsum			
surrounding the cul-out and shall be fixed on it by 25 mm long Gl drywall screws at 250 mm intervals along the perimeter. The panel board shall have a projection of at least 25 mm beyond the perimeter of the cul-out. The panel board is to be finished with blue paint and high gloss polyurethane coating of approved shade & make on its surface. Provisions are to be made for fixing LED strips. The work is to be completed with all materials, accessories, labor, tools & tackles and in strict conformity with manufacturers specifications & recommendations. All materials should be approved by Bank. Visible plan area is to be measured for finished work.  Providing and fixing column-mounted Circular Writing Desk as per design. The Desk is to be fixed to the column along the perimeter through peripheral 19 mm thick BIWP block boards/Exterior Grade MDF board of Green/Century or equivatent with angled MS plate support as re-quired. The Desk shall have two parts viz. head and stand. The Head, circular in plan, is to have an average 450 mm projection around the column periphery for facilitating writing. The Stand, conical in shape on elevation, is to be fixed to the column with a projection of 200 mm at the junction with head, and 50 mm at the floor-column junction all around. The head is to be provided with two circular disks made out of 19 mm thick BWP block board. The disks are to be fixed to the column keeping one on top & the other at bottom, 200 mm apart to have pigeon hole-shaped cells. Dividers, made out of 12 mm thick BWP block board sections/ Exterior Grade MDF board of Green/Century or equivalent, shall be provided to pigeon hole cells, 200 mm wide at the openings for keeping vouchers, slips etc. Each of the disks shall have wa no caponal shaped hole in the centre around the column. The stand is to be made with an inner wooden framework of 50 mm x 37.5 mm well seasoned Malaysian sal wood sections to have a conical shape as per design. The framework shall be covered with 12 mm thick flexi-ply all around.			sections fixed above & around its periphery by GI screws.			
Gl drywall screws at 250 mm intervals along the perimeter. The panel board shall have a projection of at least 25 mm beyond the perimeter of the cut-out. The panel board is to be finished with blue paint and high gloss polyurethane coating of approved shade & make on its surface. Provisions are to be made for fixing LED strips. The work is to be completed with all materials, accessories, labor, tools & tackles and in strict conformity with manufacturers specifications & recommendations. All materials should be approved by Bank. Visible plan area is to be measured for finished work.  In the Desk is to be fixed to the column along the perimeter through peripheral 19 mm thick BWP block boards/Exterior Grade MIPO board of Green/Century or equivalent with angled MS plate support as re-quired. The Desk shall have two parts viz. head and stand. The Head, circular in plan, is to have an average 450 mm projection around the column periphery for facilitating writing. The Stand, conical in shape on elevation, is to be fixed to the column with a projection of 200 mm at the floor-column junction all around. The head is to be provided with two circular disks made out of 19 mm thick BWP block board sections? Exterior Grade MIPO board of Green/Century or equivalent, shall be provided to pigeon hole calls, 200 mm wide at the openings for keeping ovachers, signs etc. Each of the disks shall have an octagonal shaped hole in the centre around the column. The stand is to be made with an inner wooden framework of 50 mm x 37.5 mm well seasoned Malaysian sal wood sections to have a conical shape as per design.  The forek shall be covered with 12 mm thick flexi-ply all around. The work is to be finished with 1mm thick high gloss laminate			The panel board is then to be placed on the Gyp-sum sections			
The panel board shall have a projection of at least 25 mm beyond the perimeter of the cut-out.  The panel board is to be finished with blue paint and high gloss polyurethane coating of approved shade & make on its surface. Provisions are to be made for fixing LED strips. The head is to be provided with two circular disks made out of 19 mm thick BWP block board.  The disks are to be fixed to the column keeping one on top & the other at bottom, 200 mm apart to have pigeon hole-shaped cells. Dividers, made out of 12 mm thick BWP block board sections/Exterior Grade MDF board of Green/Century or equivalent, shall be provided to pigeon hole cells, 200 mm wide at the openings for keeping vouchers, slips etc. Each of the disks shall have an octagonal shaped hole in the centre around the column. The stand is to be made with an inner wooden framework of 50 mm x 37.5 mm well seasoned Malaysian sal wood sections to have a conical shape as per design.  The framework shall be covered with 12 mm thick flexi-ply all around.  The work is to be finished with 1mm thick high gloss laminate						
Providing and fixing Column-mounted Circular Writing Desk as per design.  The Desk is to be fixed to the column along the perimeter through peripheral 19 mm thick BWP block boards/Exterior Grade MDF board of Green/Century or equivalent with angled MS plate support as re-quired.  The Desk shall have two parts viz. head and stand. The Head, circular in plan, is to have an average 450 mm projection around the column periphery for facilitating writing. The Stand, conical in shape on elevation, is to be fixed to the column with a projection of 200 mm at the floor-column junction all around. The head is to be provided with two circular disks made out of 19 mm thick BWP block board.  The disks are to be fixed to the column keeping one on top & the other at bottom, 200 mm apart to have pigeon hole-shaped cells. Dividers, made out of 12 mm thick BWP block board sections/Exterior Grade MDF board of Green/Century or equivalent, shall be provided to pigeon hole cells, 200 mm wide at the openings for keeping vouchers, slips etc. Each of the disks shall have an octagonal shaped hole in the centre around the column. The stand is to be made with an inner wooden framework of 50 mm x 37.5 mm well seasoned Malaysian sal wood sections to have a conical shape as per design.  The framework shall be covered with 12 mm thick flexi-ply all around.  The work is to be finished with 1mm thick high gloss laminate
