BOQ FOR INTERIOR FURNITURE WORK FOR EMERALD LOUNGE AT SOUTH GUWAHATI BRANCH (LOUNGE ONLY)

No. 1	Description	0	1114	D-4-	A
•	Description OFFICER'S TABLE- Size 1500mm x 750mm x 750mm	Quantity	Unit	Rate	Amount
	Supplying and installation of Table as per the following description and as designed by the Architect:	1.00	Nos.		
	Table Top: Providing and fixing 19 mm thick IS 303 BWR grade plywood with 4mm thick Teak veneer with melamine				
	finish with necessary intermediate support. Table top shall be supported by 18 mm thick BWR grade ply wood with				
	plywood framing. The top of the table shall be provided with equal sized 12mm thick toughened glass with				
	polished edges. The top level of the glass shall be 750mm. Apron (Modesty Panel) made from 18mm thick BWR grade				
	plywood finished with 1mm laminate.				
	Table sides, back & intermediate panels (at 500mm from each side) made from 18 mm thick MR ply wood finished with				
	1mm laminate for exposed surfaces (4 faces) and 0.8 mm thick laminate for inner surfaces shall be provided as				
	per drawing.				
	Drawer / Storage cabinet: Box of 400 X 750 X 720 mm shall be provided using 18 mm thick BWR grade plywood. Each				
	Drawer Fascia made out of 18 mm thick plywood and all sides of drawers be made of 12 mm thick plywood & bottom of				
	drawers shall be of 8 mm thick BWR grade plywood. The drawer unit box and individual drawers to be fixed with 1mm				
	laminate on all exposed sides and all the internal surfaces shall be finished with 0.80 mm thick balancing laminate. The				
	drawers to be fitted with Telescopic sliding channel with SS Group locks of approved make and 100 mm long				
	brush finish Stainless Steel handles C-type for each drawer. The front ply of the drawers to be overlapping the frame. Computer Keyboard (550 x 375 mm) of metal / PVC of approved make shall be provided. Footrest of 38 x 76 MM T.W				
	members shall be provided. All internal surface will have min. 0.80 mm thick balancing laminate. Table shall have				
	stand of 18 mm ply finish with 1 mm thk. Laminate of size 400 x 375 mm for keeping CPU and PVC cable Manager				
	shall be provided in the cutouts on the tabletop.				
	All edges to be provided & fixed with teak wood lipping patti finished with melamine polish. All the surface				
	without teak veneer / laminate / balancing laminate shall be lacquered polished of approved shade.As per				
	drawing and instruction of Architect/Bank, work to be completed.				
	The rate includes dismantling of existing furniture (if any).				
	Plywood Make: Greenply, Century, Duro or equivalent approved by the Bank.				
2	CLERICAL STAFF TABLE- Size 1200mm x 750mm x 750mm	1.00	Nos.		
	Supplying and installation of Table as per the following description: Tabletop shall be made from 19 mm thick IS 303				
	BWR grade plywood with 4mm thick Teak veneer with melamine polish with necessary intermediate support. Tabletop shall be supported by 19 mm thick BWR grade plywood with wooden framing. The top of the table shall be provided				
	with equal sized 12mm thick toughened glass fixed.Apron (Modesty Panel) made from 19 mm thick BWR				
	grade plywood finished with 1mm laminate & groove pattern as per drawing. Table sides & intermediate panels				
	(at 50cm from each side) made from 19 mm thick BWR grade plywood finished with 1mm thick laminate for all surfaces				
	shall be provided as per drawing.				
	(Removed drawer cabinet in this version as there will be no space left for a person to sit)				
	Computer Keyboard (550 x 375 mm) of metal / PVC of approved make shall be provided. Footrest of 38 x 76 MM T.W				
	members shall be provided. All internal surface will have min. 0.80 mm thick balancing laminate. Table shall have stand of 18 mm ply finish with 1 mm thk. Laminate of size 400 x 375 mm for keeping CPU and PVC cable Manager				
	shall be provided in table top.				
	All edges to be provided & fixed with teak wood lipping patti finished with melamine polish. As per drawing				
	and instruction of Architect/Bank, work to be Completed.				
	Plywood Make: Greenply, Century, Duro or equivalent approved by the Bank.				
3	MEETING ROOM TABLE Providing and placing in position Meeting Room tables of approx. size 2100/ 2400 mm x 1200 mm or 900mm/ 1200mm	1.00	Nos.		
	in diameter (size to be considered based on site conditions).				
	Providing & Fixing Conference Table of shape as per design made from 50mm X 40mm T. W. Wood framework				
	450mm center to center both ways for tabletop covered with 12mm thick BWR ply for bottom, 19mm thick BWR ply for				
	top, table stand and base with necessary 50mm X 40mm vertical supports. All exposed surfaces shall be finish				
	with approved color 1 mm thk. laminate. All internal surfaces to be finished with 0.8mm thick laminate. All edges to be provide with TW lipping patti finished with melamine polich. Pate shall be inclusive of Brush Einish. Staipless				
	to be provide with TW lipping patti finished with melamine polish. Rate shall be inclusive of Brush Finish Stainless Steel Tray with POP UP Flap for electrical switches including necessary openings for wire manager, mikes				
	carting away unserviceable materials out of the compound cleaning the site etc. complete as per the detail drawing			1

No.	Description	Quantity	Unit	Rate	Amount
16	COVE IN FALSE CEILING Same as Gypsum false ceiling but providing, making, and fixing Gypsum cove (inside height 150 - 200 mm and border	18.00	Rm		
	To an e as sypson raise cening out providing, making, and fixing Gypson cove (inside neight 150 - 200 mm and border				
	75 mm) to hide strip/cove light in ceiling or to act as pelmet for roller blinds on windows or for projector screen, etc.				
7	Center Table (2'-0" X 2'-0" Oval / Rectangular)	1.00	Nos.		
	Providing and supplying in position oval or rectangular centre table to be made out of 2" X 2" teakwood frame including				
	12mm thk clear glass top with bevelled edges including bottom glass shelf with etching etc complete. The rate shall				
	also include SS lining design to the teakwood frames including all the necessary hardware, fittings, fixtures as				
8	per manufactursrs specifications complete. BACK PAINTED GLASS + LOGO				
	Back painted glass (Lacquer Glass) paneling:				
	Providing and fixing in position wooden paneling to column / walls finished with Back painted (Lacquer Glass)				
	comprising as under:-				
	(i) Framework:- Made out of 50 mm x 25 mm x 1.2mm thick extruded Aluminium hollow sections, placed upto 600 mm				
	centre to centre, bothways (horizontal and vertical), fixed rigidly on wall / columnns in perfect line, level and plumb.				
	(ii) Panel Finishing:- Providing & fixing 9 mm thick approved make BWR plywood to Aluminum framework finished with				
	8 mm thick approved quality and make back painted Lacquer Glass panels of required size, rigidly fixed using 3M	6.50	sq.m.		
	adhesive / double side self-adhesive tape complete as directed by the Engineer-in-charge.				
	(iii) The rate should include cost of necessary hardware, making cutouts / openings for electrical conduits /				
	cables, Switch boards etc., including providing necessary wooden/aluminum section members support at cutouts,				
	providing				
	scaffolding for execution of work at all heights, complete as per drawings and as directed by the Engineer-in-charge at				
	site.				
	Logo:- Providing and fixing in position with SS studs or as directed laser cut Logo as per design made from 18 mm				
		1	No.		
9	MDF board (exterior grade) and finished with enamel paint as directed complete. Acrylic Emulsion Paint on old surface				
	Preparing earlier treated surface by scraping, rubbing with sand paper, applying two coats of Birla white putty				
	wherever required, to level the surface, and its rubbing with sand paper, to ensure smooth surface, suitable to				
	receive paint and then applying 2 or more coats of approved colour and shade of Acrylic Emulsion Paint with low	35.00	Sq.m.		
	VOC content over a coat of approved primer complete as per manufacturers' specifications to internal walls/ceiling including necessary scaffolding etc. complete.				
	Make:- Asian / Berger/ICI or approved equivalent make.				
20	Polyester Film over glazed partitions:				
	Providing and fixing in position high impact resistant Polyester Films of approved design & pattern, which	6.50	Sq.m.		
	once installed on glass, give additional strength to glass, reduce glare & prevent glass from splintering on impact. thickness not less than 4 Mil (100 mic.) or 7 Mil (175		04.11.		
	mic.)				
21	Fabricating and installing Grahak Mitra and cross selling staff table of overall size - 1520mm x 600mm x 750 mm in				
	straight or curved profile made up of 19mm thick block board of approved brand all around and finished with not less than 0.8 mm thick laminate of brand, colour and shade as approved by the Bank. The table cost to include three				
	drawers of 375 mm wide made with 6mm/12mm ply on right hand side on telescopic slider, a keyboard tray 250mm				
	wide, foot rest & CPU stand. The works to include all hardwares such as: castors, brass hinges, ball catchers, fully extendable drawer slides, auto locks , handles etc. of Godrej or approved make. Locks to be of single control type. All				
	exposed edges to have wooden lipping/bidding of requierd size, stained to match the desk and melamine finished. All	1.00	Each		
	the surfaces to be in laminate finish & 8mm thick glass duly finished to be placed on table and necessary cut-out				
	to accommodate wires, edges to be m/c polished, with m.s. powder coated wire manager complete as per Bank's new uniform colour, layout & elevation policy.				
	Ply/Block Board Make: MR Grade of Century/ Green/Archidply/Gattani/kitply or equivalent.				
2	Laminate Make: Greenlam/Centurylam/Merinolam/Archidlam or equivalent. Supplying and installing Tables of Overall size - 1680 mm X 1830 mm x 750 mm including cost of side credenza				
-	(1230 mm x 450 mm x 750 mm) made up of 19mm thick block board of approved brand all around and finished with				
	not less than 0.8 mm thick laminate colour, brand and shade as approved by the Bank. The table cost to include (nedectal) three drawers of 375 mm wide made with 6mm/(2mm ply on right hand side on telescopic slider, a keyboard				
	(pedestal) three drawers of 375 mm wide made with 6mm/12mm ply on right hand side on telescopic slider, a keyboard tray 250mm wide with CPU stand and foot rest as per design and direction by Bank. The credenza unit should have				
	openable/sliding shutter cupboard and intermediate horizontal shelves made in 12 mm thick plywood. All exposed				
	edges to have teak wood lipping/bidding of required size, stained to match the desk and melamine finished. All inner surface to be finished with mat finish enamel paint of approve brand. The works to include all hardwares such as:		_		
	castors, brass hinges, ball catchers, fully extendable drawer slides, auto locks , handles etc. of Godrej or approved	1.00	Each		
	make. Locks to be of single control type.Design and detail of the table shall be as per direction of EIC. All the surfaces				
	to be in laminate finish & 8mm thick glass duly finished to be placed on top of table & credenza and necessary cut-out to accommodate wires, edges to be m/c polished, with ms powder coated wire manager complete as per Bank's new				
	uniform colour, layout & elevation policy.				
	Ply/Block Board Make: MR Grade of Century/ Green/Archidply/Gattani/kitply or equivalent.				
	Laminate Make: Greenlam/Centurylam/Merinolam/Archidlam or equivalent.				
23	Louvers : PF: Aircon louvers 600mm x 150 mm of approved colour below false ceiling at suitable location	6.00	Nos		
4	under advise of Engineer in charge. WOODEN FLOORING + SKIRTING - Providing and placing in position wooden laminate flooring with planks				
-					
	of size not less than 1200 mm X 190 mm (with unlink panels / tongue-groove locking arrangement) having a				
	0.2 mm thick top abrasive layer followed by decorative layer upon HDF (high density fiberboard) substrate				
	core over raisin saturated backing layer installed using tongue-groove system over 2 mm thick underlayer of				
	polyurethane foam on 250-micron polythene sheet over a smooth, flat, hard and free from moisture floor	30.00	Sqm		
	surface complete in all respect with required accessories like end profile, transition profile, reducer 'T' profile				
	etc. and preparation of base including all other incidental works as per direction & satisfaction of Architect in				
	charge. Cost of Laminate Floor Accessories, Skirting, End edge, T- molding, Reducer shall have to be added				
	in the cost, wherever required.
