	ESTIMATION : ELECTRICAL WORKS OF SBI BHATAR BRANCH-02022 -RBO-01/ AC	- DUR	GAPUR		
SI.No.	DESCRIPTION	UNIT	QTY	RATE	AMOUN
1	PART - A				
А.	MV PANELS & DISTRIBUTION BOARDS MCB DISTRIBUTION BOARDS : ALL DOUBLE DOORS - ABB,SCHNIDERS,INDO				
	ASIAN(OPTIPRO),HAVELLS,LEGRAND.ETC				
	Supply, installation, testing and commissioning of the following cubicle type 1.2 mm thick CRCA sheet				
	steel enclosed powder coated with approved shade and partitions to segregate phase with approved				
	covers, single / double door, factory made recessed in wall or surface mounted final distribution boards of the following description. All final DB's shall have outgoing with internal wiring brought upto terminal block				
	for external cable connections.				
	NOTE : 1) Surface mounted DB's on walls shall be provided with suitable size frame work and neatly				
	grouted on to wall and DB shall be fixed on to the frame work using bolts & nuts and other fixing				
	accessories.				
	DB's conceald in wall shall include cut of necessary civil works and other fixing accessories.				
	3)The DB's shall be horizontal / vertical type as per configuration of incoming/outgoing feeders.				
	4)The DB's shall be factory made of approved make and necessary available higher size configured DB's				
	shall be used.				
	Supply & installation of TPN front operated 125A, 25KA, 4P MCCB (adjustable overload and fixed short				
	circuit) in factory fabricated, powder coat painted metal enclosure complete along with statutory caution				
1	board, earthing and having wall mounting hinges etc. The box must have sufficient space for Aluminium	Nos.	1		
	cable termination upto 70 sqmm.				
	"Supply and installation of Double door 6way TPN vertical DB with MCCB having breaking capacity of 16				
	KA.a) incoming- 1 No 80 amp ,16KA,4P MCCB b)outgoing - 06 Nos. 10-25 Amp SP MCB C series and				
2	2X 40 AMPS TP MCB + 02 no 63A TP MCB C Series with Necessary blanking plate as required.(As per	no	1		
	IS8828-96Latest)" for MAIN DB (WITH DG backup)				
2.1	SPN MCB DB				
2.1	Incomer:				
	1 No,32A, 2P, RCCB (0-100mA)				
	Outgoing:				
	6Nos. of 16/25A, SP, MCBs (C curve)	Set	3		
2.2	LDB / PDB FOR BRANCH				
	ЕТРИ МСВ DB				
	Incomer:RCBO				
	1 No.40A, 4P, MCB+RCCB (0-100mA)				
	Outgoing:				
	12 Nos. of 6/10/16A, SP, MCBs (C curve)	Set	1		
2.3	ACDB				
	6 WAY ETPN DB'S				
	Incomer:RCBO				
	1 No, 63A-4P MCB +(0-300MA) 4P RCCB				
	Outgoing:				
	10 Nos. of 25/32 A SP MCBs (D/C curve)	0.1			
	1 NO 32 Amps TP MCB FOR CAPACITOR BANK(if required in future)	Set	1		
2.6	ATM DB				
	Supply and fixing of TPN MCB DB (Double door) with following accessories: 1) 1x32/40A 4P	Set	1		
	RCCB(300mA) as incomer, with 4 SP MCB x 20/16/10Amps C series for 2 AC's as well RP				
	Lighting/SIGNAGE ETC 2) 02 nos of 32A DP RCCB(100MA), + 4 nos 25/10/16 A SP MCB, C series for e Lobby DB UPS loads				
3.0	Supply, installation, testing and commissioning following sizes Double door Master CONTROLS WITH 4				
5.0	P MCB's within a 12 way SPN DB to accommodate 4 set of Armoured cables (for end				
	terminations) of 25 sq mm/16 Sqmm . The isolator shall be wall mounted using necessary brackets				
	and fixing accessories and to have sufficient space to gland of all 4 set of In-Out Cables of above				
	ratings.				
		<u> </u>			
a)	1x 40 Amps + 1x 63, 4P MCB's for Branch Isolation to LDB and AC DB for total isolations of Branch	Set	1		
4.0	Supply, installation, testing and commissioning following sizes MCB in metallic enclosure. The MCB shall				
4.0	be wall mounted using necessary brackets and fixing accessories.				
a)	Supply & fixing on wall industrial Plug & socket DB in metal enclosure with one 63 Amps industrial socket		-		
	(3P+N+E) but with 63Amps 4P MCB (Legrand)duly inter connected.	Nos.	2		
b)	Supply & fixing on wall industrial Plug & socket DB in metal enclosure with one 40 Amps industrial socket	nos	2		
	(P+N+E) but with 40Amps DP MCB (Legrand)duly inter connected.	1105	-		
В.	LT CABLES:				
1.0	Supply & Laying of 1100V grade, XLPE/ PVC insulated, PVC sheathed, Aluminium / copper conductor,				
	steel armoured cables. The cable shall be laid in exsiting trench, cable tray / clamped on to the walls using				
	necessary fixing accessories. The cable shall be provided with cable identification tags made out of				
	Aluminium strip, engraved with cable size and the routing. (Note : cost of cable tray, supports, excavation, sand cushioning, brick protection and back filling measured separately).				
	excavation, sand cushioning, brock protection and back tilling measured separately).				
1.1	3x1/2 core x35 sq.mm.	Mtrs	40		
	3CX 1/2 core 25 sq mm	Mtr	30		
1.2	·				
1.3	4CX16 sq mm	Mtrs	80		

2.0	End connection of above cable with heavy duty nickle plated brass compression gland crimping type			
	socket insulation tape etc. with all concern.			
0.4	3x1/2 C X35 sq mm	nos	3	
	3x1/2 c X 25 SQ MM 4 c X 16 SQ MM	nos nos	4	
<u>Z.Z</u> C.	POINT -WIRING SYSTEM	nos	0	
1.0	"Distribution wiring(concealed) including new point wiring 660 volt grade 3x1.5 sg.mm. (cu) PVC flexible			
1.0	wire in 20 SWG Rigid PVC (ISI Marked medium grade) conduit along with Conduit accessories circular			
	boxes, MS boxes, 6 Amps Modular Type switch with socket outlets 6 pin, all individual control switch etc.			
	Conduit size & nos of wires in conduit as per code of practice with circuit wiring with (2x2.5 + 1X1.5)			
	sq.mm. copper wire from MCB DB to respective sw board.N.B. (I)Earth & neutral may be looped but from			
	the last point earth & Neutral has to be connected with sw board.(ii)Point wiring should be inclusive of			
	continuous wire length up to the connection block of			
	light fittings/fans.			
a)	Light point(one switch controls one light)	Nos	42	
b)	Light point(one switch control two lights)	Nos	20	
c)	Exaust fan point	Nos.	5	
d)	Ceiling Fan point with out REGULATORS	Nos	7	
e)	Call bell point with supply and fixing of call bell	Nos.	1	
f)	Wall Mounted Fan point with 6 amp 5pin socket including wirings from sw boards till sockets	nos	10	
g)	Board plug point 5 pin 5 Amps with switch.	Nos.	10	
h	Supply & fixing 11-18 amp north-west motor starter with plugtop indicator type socket or eqv	No.	1	
	legrand/Havells	INO.	I	
i	Supply & fixing 16 amp plug top with indicator	No.	4	
:	Supply & fixing 16 amp_socket for AC			
j	Supply & lixing to amp socket for AC	no	1	
k	Supply & fixing 3cx2.5 sq.mm. PVC insulated multistrand flexible cable	Mtr	15	
		Mtr.	15	
1	Supply and fixing of 6/16 Amps ,5 Pin Sockets with Tiny Trip 16/20 Amps SP MCB's for 1.5/ 2tr	nos	9	
m	cassette AC's Marking with printed stiker of electrical DBs,SFU,and individual circuit in UPS DB,LDB of switch board and			
ш	UPS power etc.	LS.	1	
D	LIGHTING WIRING / SUB MAINS/POWER WIRING UPS WIRINGS ETC :			
	Supply & Drawing power wiring circuit /sub mains using flexible, copper conductor, FRLSHF wires of			
	1100V grade, PVC insulated wires drawn in 2mm thick suitable size FR PVC conduit. The rate shall also			
	include running of PVC insulated copper conductor as earth wire. All circuits starting from the respected			
	db should have ferrulling arrangements.			
d1	3 x 1.5 sqmm Copper wires in 20 mm dia PVC conduit	Rmtr.	50	
d2	2 x 2.5 +1x1.5 sqmm Copper wires in 20 mm dia PVC conduit	Rmtr.	375	
d3	2x 4.0 +1X2.5sqmm Copper wires in 20 mm dia PVC conduit.	Rmtr.	250

b)	Distribution wiring including new point wiring 660 volt grade 2x2.5+1x1.5 sq.mm. (copper) PVC insulated			
0)	flexible wire in 20 mm dia. Rigid PVC (ISI Marked) conduit along with Conduit accessories circular boxes,			
	MS boxes, 2x 6 Amps + 2x6Amps modular type switch and socket	set	7	
c)	Distribution wiring including new point wiring 660 volt grade 2x1.5+1x1.5 sq.mm. (copper) PVC insulated			
	flexible wire in 20 mm dia Rigid PVC (ISI Marked) conduit along with Conduit accessories circular boxes,	set	15	
	MS boxes, 1x 6 Amps + 1x6Amps modular type switch and socket			
d)	"Supply & installation of MS Flush metal box with front plate enclosing the following duly interconnected			
d)	"Supply & installation of MS Flush metal box with front plate enclosing the following duly interconnected make:(Crabtree /Legrand/ Philips)a) 1 Nos 16 amp switch & 1 Nos 6/16 amps socket outlet with indicator	set	5	
d)		set	5	

F	SUPPLY AND INSTALLATION OF LIGHT & FAN FIXTURES			1
1.0	Supply, installation, testing and commissioning of following type light and fan fixtures with all necessary			
	fixing accessories as required. The efficacy of the LED lamp shall be not less than 100lm/Watt			
1.1	1 x 20W, 5700K, 4 Feet LED tube, Surface/suspension light fixture with extruded Aluminium channel 4	Nos.	25	
	feet with high transulent serrated milky white diffuser, robust and high performance batten. LED luminaire			
	shall comprise of extruded channel in thermally conductive material. High translucent serrated milky white diffuser to get glare free and smooth light distribution. Efficacy : 100			
	lumen/watt similar to Crompton make cat no.LDL-20-CDL or equivalent matching specifications as per			
1.2	1x 36W,5700K, 4 Feet LED tube, Surface/suspension light fixture with extruded Aluminium channel 4	Nos.	3	
1.2	feet with high transulent serrated milky white diffuser, robust and high performance batten. LED luminaire	NUS.	3	
	shall comprise of extruded channel in thermally conductive material. High translucent serrated milky white			
	diffuser to get glare free and smooth light distribution. Efficacy : 100			
	lumen/watt similar to Crompton make cat no.LDL-36-CDL or equivalent matching specifications as per			
1.4	15W LED Recess down Lighter Slim design , recessed round polycarbonate housing with superior light	Nos.	12	
	output and integral driver. Efficacy 100lm/w similar to Crompton make Cat type LCDEP-15-CDL or			
	equivalent matching spec in NIT.			
1.5	6 W LED Recess down Lighter Slim design , recessed round polycarbonate housing with superior light	Nos.	12	
	output and integral driver. Efficacy 100lm/w similar to Crompton make Cat type LCDEP-06-CDL or			
	equivalent.			
1.7	36 watts,5700k, LED Recessed full lit luminaire with glare free uniform illumination with longer life and less	Nos.	36	
	maintenance. 2X2 LED Backlite Luminaire Recess Mounted Type comprises CRCA sheet metal body			
	powder coated in white Efficacy : 110 lumen/watt Make:- Crompton- LCTLRNE-36-FO-CDL or			
	equivalant matching specifications as per NIT.			
1.8	Supply and Installation of PROFILE LIGHTS WITH LED STRIP indoor, 24W / 5meter including driver	Mts	12	
	and necessary fixing accessories as required			
1.9	Supply and fixing of BLDC ceiling fan without fan regulator with remotes and shall be of	Nos.	8	
	crompton/Havells or equivalent.(prior sample/ model approvals are required)Crompton make or			
	equivalent Energion Nstar - 5 Star BEE, 1200mm sweep , Opal White , Model No-ENERGOS-26w/28w	1		
	• BEE 5 STAR Rated fan(MAX 26-28w), 70% Savings on electricity costs) with Smart Remote Avg Power			
1.0	Inputs(28Watts), Air Delivery(min 220CFM)			
.10	Supply and fixing of 400mm wall mounted fan of crompton /equivalent.WM S storm-2 Crompton make or	Nos.	10	
	equivalent, 5 Star BEE, Matt Silver Black • High Air Delivery with Low noise operation, • Thermal			
	protection for long lasting motor , • Smooth oscillation , 90watt Power Inputs(Watts),			
	Speed (rpm) 1350, Air delivery (100 CFM) Metal body only is acceptable of approved brands.			
.11	Supply and fixing of 200-225mm dia. single phase. MEDIUM DUTY exhaust fan with necessary angle	Nos.	5	
	iron bracket, double ball bearing wall mounted fan (metal body) Model BAHAR-225 of Bajaj or			
	equivalants			
.12	Supply & fixing of Timer for UPS room Exhaust Fans OF APPROVED MAKES	Nos.	1	
.13	S&F 32 amps DP MCB in MS Box with one no. microrex time switch QT31 and one 2 pole 20 amp	Nos.	1	
	contactor. (for signage boards)			
.14	S & F Philips make LED tiltable COB Spot light(7w) or eqv. wipro/havells	Nos.	5	
G	INSTALLATION OF LIGHT & FAN FIXTURES (existing)			
1 1		Nee	1	
1.1 1.2	Installation of 15/5W LED surface / recess down lighter 2' x 2', surface / recess, mounted Light fixture	Nos	1	
		Nos		
1.3	1200/900.mm sweep, ceiling fan without fan regulator and shall be of crompton /equivalent.	Nos	1	
1.4	150/225mm dia. single phase. exhaust fan with necessary angle iron bracket.	Nos	1	
н	EARTHING SYSTEM			
1.0		Set	2	
1.0	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include	Set	2	
1.0	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with	Set	2	
1.0	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include	Set		
	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes,	Set Set	2	
	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty C I covers, funnel, etc., The cost shall also include providing of salt			
	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to			
2.0	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty C I covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043.			
2.0	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty C I covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes			
2.0	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty C I covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc, laid underground etc., as required including interconnection between the earth stations			
2.0	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc., all underground etc., as required including interconnection between the earth stations etc., all complete as required. (Note : The excavation and back filling is measured separately).	Set	1	
2.0 3.0 a)	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty C I covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc, laid underground etc., as required including interconnection between the earth stations etc., all complete as required. (Note : The excavation and back filling is measured separately). 2x8 swg. Cu. wire			
2.0 3.0 a)	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc, laid underground etc., as required including interconnection between the earth stations etc., all complete as required. (Note : The excavation and back filling is measured separately). 2x8 swg. Cu. wire Supply and fixing of GI earth strip of size 25 mm x 3mm with insulator at 2 feet interval and all	Set	1	
2.0 3.0 a) b)	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc., laid underground etc., as required including interconnection between the earth stations etc., all complete as required. (Note : The excavation and back filling is measured separately). 2x8 swg. Cu. wire Supply and fixing of GI earth strip of size 25 mm x 3mm with insulator at 2 feet interval and all accesssories nut bolts wasser etc. as required connection complete	Set	1	
2.0 3.0 b) J.	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc., laid underground etc., as required including interconnection between the earth stations etc., all complete as required. (Note : The excavation and back filling is measured separately). 2x8 swg. Cu. wire Supply and fixing of GI earth strip of size 25 mm x 3mm with insulator at 2 feet interval and all accesssories nut bolts wasser etc. as required connection complete TELEPHONE SYSTEM	Set	1	
2.0 3.0 a) b)	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc, laid underground etc., as required including interconnection between the earth stations etc., all complete as required. (Note : The excavation and back filling is measured separately). 2x8 swg. Cu. wire Supply and fixing of GI earth strip of size 25 mm x 3mm with insulator at 2 feet interval and all accesssories nut bolts wasser etc. as required connection complete TELEPHONE SYSTEM Supply and laying of Zmm thick FR PVC conduit with all necessary accessories like junction boxes, pull boxes. G.I.	Set	1	
2.0 3.0 b) J.	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc., laid underground etc., as required including interconnection between the earth stations etc., all complete as required. (Note : The excavation and back filling is measured separately). 2x8 swg. Cu. wire Supply and fixing of GI earth strip of size 25 mm x 3mm with insulator at 2 feet interval and all accesssories nut bolts wasser etc. as required connection complete TELEPHONE SYSTEM	Set	1	
2.0 3.0 a) b) J.	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc, laid underground etc., as required including interconnection between the earth stations etc., all complete as required. (Note : The excavation and back filling is measured separately). 2x8 swg. Cu. wire Supply and fixing of GI earth strip of size 25 mm x 3mm with insulator at 2 feet interval and all accessories nut bolts wasser etc. as required connection complete TELEPHONE SYSTEM Supply and laying of 2mm thick FR PVC conduit with all necessary accessories like junction boxes, pull boxes. G.I fish wires and other fixing accessories as required. The rate shall also include chasing of walls, floor and plastering	Set	1	
2.0 3.0 b) J.	Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc, laid underground etc., as required including interconnection between the earth stations etc., all complete as required. Supply & installation of 38mm dia, 2.5 Mtr. long G.I.pipe electrode earthing station complete with manholes, brick masonry chamber, heavy duty CI covers, funnel etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply & installation of 300 x 300 x5 mm, copper plate earthing station complete with GI pipe, manholes, brick masonary chamber, heavy duty CI covers, funnel, etc., The cost shall also include providing of salt and charcoal layer by layer, excavation and back filling etc., all complete as required and shall confirm to IS - 3043. Supply, installation & connecting of G.I.tape /wire being clamped to walls, cable trays, ladders, run in pipes with Sleeves etc., laid underground etc., as required including interconnection between the earth stations etc., all complete as required. (Note : The excavation and back filling is measured separately). 2x8 swg. Cu. wire Supply and fixing of GI earth strip of size 25 mm x 3mm with insulator at 2 feet interval and all accesssories nut botts wasser etc. as required connection complete TELEPHONE SYSTEM Supply and laying of Zmm thick FR PVC conduit with all necessary accessories like junction boxes, pull boxes. G.I fish wires and other fixing accessories as required. 20mm dia Supply and wiring for telephone outlet with 0.51mm dia, copper conductor, PVC insulated, unarmoured, telephone cable in existing conduit. 2 pair Supply and wiring of multicore 0.51mm, copper conductor, PVC Insulated, PVC sheathed, armoured telephone cable in existing ordult. 2 pair Supply and installation of clip on plug type telephone outlet RJ-11 with interconnection of the outlet. The cover plate of telephone shall mach with the other wiring accessories. (Telephone socket outlet shall be of modular of type Anchor rom / equivalent). Supply and installation, testing & commissioning of telephone junction box. The junction box shall be with sheet steel enclosure ancios	Set M mtr M M Nos. Nos.	1 35 30 40 160 5 1 1 20 1
